ESOS compliance
The provision of education services to international students by Australian education institutions is governed by the Education Services for Overseas Students (ESOS) Act 2000 and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007.

The ESOS Act and related legislation is designed to protect the interests of students coming to Australia on Student visas. The legislation aims to protect and enhance Australia’s reputation for quality education, to provide tuition protection and support the integrity of the Student visa program.

The University of Queensland, in providing education services to overseas students, complies with the National Code of Practice of the Department of Education and Training and the Universities Australia code of ethical practice.

CRICOS Provider Number 00025B
ESOS Act

WELCOME

The world around you is changing faster than ever. At UQ, we aim to give you an experience that will position you ahead of the curve, help you master your career, and empower you to create change. I am confident that you will thrive here.

You will be taught by outstanding, inspiring teachers. UQ cultivates teaching excellence and has won more national teaching awards than any other Australian university.

You will be guided by game-changing research leaders. UQ’s research community pioneers positive change, locally and globally.

You will graduate with a globally recognised edge. UQ is internationally renowned, ranking among the world’s top universities, so a UQ degree is a passport to an international career.

You will be in good company. UQ has a diverse community of about 51,000 students, including more than 13,000 international students from 141 countries across the globe.

You will study among talented students. UQ’s high entry standards mean you will learn with some of your generation’s best and brightest from all walks of life, sharing ideas and motivating each other toward greater achievements.

You will be part of a global network. UQ’s connectivity means you can gain credit towards your UQ degree while studying with a partner university overseas, broadening your cultural awareness and acumen and shaping you as a must-have employee in a globalised workforce.

You will have fun. Across UQ’s vibrant campuses, you can immerse yourself in a range of extracurricular activities, including sports, live performances, markets, exhibitions and special events such as Oktoberfest and Market Day.

No matter what you choose to do at UQ, your time here will change you for life, helping shape you into a well-rounded global citizen who inspires change in others and in the world around you.

I look forward to welcoming you as you begin on the path to your successful future.

Professor Peter Høj
President and Vice-Chancellor
OUR GLOBAL REPUTATION

We are in the top 100 globally in the three major rankings (QS, Times Higher Education and Academic Ranking of World Universities).

Only two other Australian universities can say this.

Ranked Top 5 in the world in 2 subjects*
Top 30 in 9 subjects*

47th in the world
QS World University Ranking, 2018

No. 1 university in Australia for research
Nature Index, 2015

More Australian Awards for University Teaching than any other university

3rd Mineral and Mining Engineering
3rd Sport Sciences
12th Environmental Science
12th Hospitality and Leisure Management
14th Education
19th Agriculture and Forestry
22nd Development Studies
25th Psychology
27th Communication and Media Studies

*QS World University Rankings by Subject 2017
60th in the world
Times Higher Education World University Ranking, 2016/17

11th most beautiful campus in the world
BuzzFeed, 2015

★★★★★ rating
for student demand, staff qualifications and getting a job
Good Universities Guide, 2016

55th in the world
Academic Ranking of World Universities, 2016

No. 1 university among the Group of Eight for student satisfaction
QILT Student Experience Survey, 2016

95% of research fields above world standard
Excellence in Research for Australia, 2015

Best MBA
in the Asia-Pacific, and top 10 MBA in the world
The Economist, 2016

No. 1 facilities in the world and top 3 Australian university for learning English
English Language Barometer, 2016
In 2016, UQ received the most research funding of any Australian university from the Australian Research Council. We receive 95% of our research fields are above world standard (Excellence in Research for Australia, 2015).

Heron Island Research Station, located on the Great Barrier Reef, is internationally renowned for coral reef research and student training in marine sciences.

Our Global Change Institute addresses the impacts of climate change, technological innovation and population growth in its research in clean energy, food systems, healthy oceans and sustainable water. gci.uq.edu.au

In 2016, UQ received the maximum five-star rating for research grants and research intensity. (Good Universities Guide, 2016)

95% of our research fields are above world standard (Excellence in Research for Australia, 2015)

A$385 million in funding annually
At UQ, we create knowledge.
You will discover our latest innovations and the people and technology behind them. Our world-leading researchers will be your teachers, so you can learn from the world’s best, be inspired and understand what it takes to pioneer change.

Innovations for the world
We are a global research leader in biosciences, nanotechnology, engineering, sustainable development and social science. Our innovations are impacting millions of people around the world.

- Gardasil® cervical cancer vaccine: used in more than 120 countries, saving an estimated 120,000 lives annually
- Conservation: software developed by UQ has enhanced conservation planning globally in areas like the Great Barrier Reef and the Galapagos Islands
- Triple P Positive Parenting Program: helps millions of children and families in 25 countries
- MRI machines: UQ technology is used in two thirds of the world’s MRI machines. The next step is to integrate radiation therapy to target and treat cancer
- GroundProbe: mine-safety technology that is used by some of the world’s largest mining companies
- Food security: UQ works with the Queensland Government to enhance the drought tolerance of sorghum, an important cereal in sub-Saharan Africa
- Nanopatch: a revolutionary needle-free method of delivering vaccines being developed in the UQ spin-out company, Vaxxas
- Latch-On: gives the gift of literacy to people with intellectual disability in Australia and across the globe
- Water use: our technology has changed practices in global water and sewerage utilities, saving hundreds of millions of dollars

Pioneering your future
We bring the latest ideas and research into the classroom to place you at the frontier of knowledge. You will learn from world-renowned researchers. Our international reputation means we attract some of the best minds in the world to come into the classroom – including presidents, prime ministers, international authors and ground-breaking researchers – who will inspire you to break through barriers.

World-class facilities
We have eight internationally recognised research institutes on campus. These institutes are home to more than 1,500 specialists working on ideas for the future with the latest in tools, technology and support. Off campus, we have over 100 research centres located throughout Queensland.

3MT® (Three Minute Thesis)
Founded by UQ and adopted by more than 350 universities around the world, the 3MT competition sees our research students pitching their exciting ideas to industry leaders, alumni and global leaders in three minute presentations. Three winners are awarded research travel grants each year.

Summer and Winter Research Programs
Improve your employability, extend your knowledge of an area of interest, and develop your analytical, critical thinking and communication skills by participating in a UQ Summer or Winter Research program. Selected research scholars will automatically be considered for a UQ Summer or Winter Research grant.
Our teachers are the most highly awarded in the country. They will share the latest knowledge and ideas to inspire and guide you. You will put theory into practice in workplace settings, expanding your understanding and exciting your mind.

Best place to learn in Australia
We believe your development is the most important outcome of your degree. This approach has seen our teachers win the most awards for student learning in the country. In a 2016 Australia-wide survey designed to assess how satisfied international students were with their university, we received above 90 per cent satisfaction in the following areas:
• Overall student satisfaction
• Good teachers
• Quality lectures
• Performance feedback
• Managing research
• Topic selection
• Careers advice
• Work experience
• Virtual learning
• Laboratories
• Learning spaces.
Source: International Student Barometer, 2016

Teaching for the future
Our courses are designed in consultation with learning design teams to maximise your employability when you graduate. Our teachers also consult students in their decision-making and planning processes to ensure course material is exciting, fresh and transformative. We offer free courses online on edX, one of the most prestigious online course platforms in the world, so you can expand your horizon, gain new skills and follow your curiosity.
W: edx.org/school/uqx

Practical learning
You will apply knowledge in practical settings. From our marine research station at Heron Island and our veterinary science centre at Gatton to the UQ Business School in Brisbane’s CBD and our medical centres located in hospitals throughout Queensland, we immerse you in worlds where learning and making a difference meet.
Dr Allison Mandrusiak, from the School of Health and Rehabilitation Sciences, was one of only two global recipients of a Universitas 21 Teaching Excellence Award in 2015.

Professor Sritawat Kitipornchai, from the School of Civil Engineering, became the fifth Australian ever to be elected to the elite European Academy of Sciences and Arts (EASA) in 2016.

More national teaching awards than any other Australian university.
LINKS TO INDUSTRY

Work experience is critical to building a successful career.

Our partnerships with industry-leading Australian and international organisations ensure you have access to work-integrated learning opportunities, internships and volunteer positions to boost your confidence and your résumé.
Partner to companies

We build partnerships with international companies at the top. Our teachers work on commercial challenges and bring their experiences into the classroom. As partnerships with companies develop, so do internship and research opportunities for students and researchers.

• Neusoft: UQ recently signed an agreement with the largest IT solutions and services provider in China to promote research collaboration and provide internships for students
• Port of Brisbane: as part of a $2 million, three-year research program, UQ Business and Engineering students can intern at Brisbane’s world-class port facility
• Leo Pharma Denmark: UQ entered into a new three-year scientific collaboration with the pharma company to better understand and treat skin cancer
• Australian Government: UQ helped the government to create a national compliance framework for export controls
• Johnson & Johnson (J&J): UQ researchers are collaborating with J&J immunology scientists to discover and develop a new treatment for spinal arthritis
• Fangyuan Company (China) and Codelco (Chile): the two huge copper producers are funding a five-year research professorship at UQ around copper smelting

Workplace learning

Each UQ faculty offers work-integrated learning opportunities. Internships, placements and networking will be part of your study experience, so you can grow your employment network before you graduate.

• Business, Economics and Law: our staff have worked with international firms such as the Asian Development Bank, BHP Billiton, Procter and Gamble, CSIRO, Coca-Cola, Thyss, HSBC, the World Bank, the United Nations and the International Monetary Fund
• Engineering, Architecture and IT: the MEET a Mentor program sees third and fourth year engineering and IT undergraduates working one-on-one with managers from 80 companies
• Health and Behavioural Sciences: eight clinics providing healthcare, rehabilitation and nutrition services to the general public expose our students to the latest in equipment, tools and care
• Humanities and Social Sciences: internships, field trips and placements in Brisbane, interstate and overseas are part of course credit for arts and communication students
• Medicine: students undertake placements in hospitals and clinics around the world where they are trained and mentored by doctors and healthcare specialists
• Science: our staff have worked with industry partners including the peak industry councils for cotton, fisheries, horticulture and forestry, as well as Rio Tinto and BHP Billiton

UQ Idea Hub

The UQ Idea Hub located at St Lucia campus helps students transform their business ideas into commercial reality. Alumni and industry representatives are on hand to mentor students. Four of the ten projects from 2015 are now in a prototype phase ready for market testing.

Since 2003 we have been in partnership with Boeing, the world’s largest aerospace company. You can learn from their discoveries and setbacks in the classroom or directly from Boeing staff.

• At the start of 2017, Boeing Research & Technology–Australia (BR&T–A) began working at our St Lucia campus. Around 30 BR&T–A staff, headquartered in a new, specially-designed facility, will collaborate with UQ researchers and students on the latest ideas in aerospace.
• The Boeing UQ Research Alliance PhD Scholarship Scheme supports students across a number of fields.
• Boeing also offers undergraduate scholarships, aerospace engineering scholarships and student placements to UQ students.
A TRULY GLOBAL NETWORK

As an international student, you know the importance of thinking and acting globally. At UQ, so do we.

Our worldwide partner and alumni networks give you the international opportunities and connections to enhance your learning, life skills and employment prospects from the start of your degree to long after you graduate.
Our partnerships = your passport
We encourage you to undertake an overseas study experience of up to two semesters with one of our 200 partner universities and organisations in more than 50 countries. These experiences will expand your world perspective and network, and prepare you for a global career. See page 80 for full listing.

W: uq.edu.au/uqabroad

Unlock new languages
In a global economy, the ability to communicate with a wide range of people is invaluable. Perfect your English at our award-winning English language learning institute, ICTE-UQ, or tap into your inner polyglot at our Institute of Modern Languages. A range of Humanities and Social Sciences courses also let you to learn a language for credit.

ICTE-UQ
W: icte.uq.edu.au
Institute of Modern Languages
W: iml.uq.edu.au
School of Languages and Cultures
W: languages-cultures.uq.edu.au

Short-term international study
While studying at UQ, head overseas for a short-term global experience at one of our partner institutions during semester break. The short-term study program includes study, intern and community-based learning opportunities.

Short-term study at UQ for course credit
You can study at UQ for one or two semesters and gain credit for your degree back home. If your university has an exchange agreement with UQ, you are eligible for the Incoming Exchange program. If your university is not partnered with UQ, you can apply to UQ as a Study Abroad student.

W: uq.edu.au/studyabroad

Global business connections
As a UQ graduate, you will join our alumni community of almost 250,000 people creating positive change around the world. You can tap into this network at any stage in your career to open doors to new relationships and employment prospects globally.

W: alumni.uq.edu.au
Game-Changing Graduates

Yassmin Abdel-Magied
Bachelor of Engineering (Mechanical) 2011

Pictured

Born in Sudan, Yassmin Abdel-Magied is an offshore drilling engineer, writer and social commentator, and founder of Youth Without Borders. The 2015 Queensland Young Australian of the Year has sat on the boards of the Queensland Museum, the Design Council, the Australian Multicultural Council and various not-for-profits, including the United Nations Youth Association and ChildFund Australia.
Our research, teaching and connections prepare you to be the architect of an exciting career. Outside of the classroom you can access our career resources and networking events, and participate in our UQ Employability Award to expand your skills. So when you graduate, you will be ready for any challenge.

Nicholas Veltjens
Bachelor of Physiotherapy 2005
A physiotherapist, Nicholas Veltjens volunteers with Mercy Ships in his spare time. Mercy Ships is a global charity that provides free healthcare on hospital ships docked in developing nations. Nicholas delivers post-operative rehabilitation to patients who have undergone orthopaedic, burns and plastic surgery. In 2015, he travelled to Madagascar to help roll out a new Mercy Ships program.

Cheng Lei
Bachelor of Commerce 1995
Cheng Lei began her career as an accountant and business analyst assessing the efficiencies of chocolate making and ensuring strict controls in petroleum exploration. She now works as a news anchor for China Central Television (CCTV) reporting on business stories to a global audience.

Vincent Shi
Bachelor of Commerce 2006
Chinese-born UQ Bachelor of Commerce alumnus Vincent Shi moved to Australia by himself at 17 years of age. For the first two years of his study, the Business School graduate spent 12 hours a day listening to lectures. His hard work paid off; in 2016, at age 34, Shi made partner at his chartered accounting and consulting firm, Hanrick Curran, a rare achievement for any young professional.

Our award-winning UQ Career Services team can help you plan your career, develop your skills and gain that competitive edge. We offer workshops in how to find work, network, write a résumé, excel in interviews, apply for a job, leadership and presentation techniques.

W: employability.uq.edu.au/find-a-job

Career portals
StudentHub is an exclusive online jobs board for UQ students and graduates featuring vacation work, volunteer work, internships and graduate employment opportunities from over 3000 employers. Our Student Careers Search portal is just for international students with Australian and international companies posting work opportunities regularly.

W: studenthub.uq.edu.au
W: globalgrad.uq.edu.au

The annual UQ Careers Fair is where you can speak with future employers from a diverse range of industries and backgrounds to find the right job for you. Most employers offer roles in graduate recruitment programs and some offer vacation work, internships, work experience, scholarships and co-op programs. Our yearly UQ Volunteer Expo is a great event to find out how you can help a community and your career prospects.

Our UQ Employability Award program gives undergraduate students the chance to build skills that future employers value, such as leadership, teamwork, communication, problem solving and cultural awareness. To qualify for the award, you need to complete a minimum of 100 hours of work experience, 100 hours of volunteering, and participate in five supplementary activities. The program is free to join.

W: employability.uq.edu.au/uq-employability-award

Our free online course EMPLOY101x will help you unlock your career potential and market yourself to employers edx.org/course/unlocking-employability-uqz-employ101x

Our Career Services team was voted the most popular in Australia in 2016 at the AAGE Graduate Recruitment Industry Awards

The Business, Economics and Law Student Employment Team (BEL SET) won the prestigious Australian Financial Review Higher Education Award for Employability in 2016

The UQ International Student Ambassador program gives high-achieving international students the opportunity to represent the University in a range of paid roles
THE PERFECT PLACE TO STUDY

We offer one of the best campus experiences in the world in a location renowned for its relaxed and safe lifestyle, subtropical climate and unique architecture.
Brisbane, the home of UQ’s St Lucia and Herston campuses, is the capital city of Queensland and its economic engine room. Young and progressive, the city is fast becoming a hub in the Asia-Pacific for business, investment, major events and education. It is also home to over 200 nationalities and 220 languages.

Entertainment
Brisbane city has a great live music scene that can be discovered in Fortitude Valley and West End. For comedy, live theatre and dance, head to the Brisbane Powerhouse and the Queensland Performing Arts Centre (QPAC). The Gallery of Modern Art (GOMA) is one of the best modern art galleries in the country, and keep an eye out for the Brisbane Writers Festival and the Brisbane Festival that attract international artists from across the globe.

Sport
Brisbane’s amazing weather and sporting facilities make physical activity a must. Kayak along the Brisbane River, rock climb your way to the top of the Kangaroo Point cliffs, ride along more than 20 kilometres of riverside cycle paths, join a sporting club, or barrack like a local when you attend a rugby union, rugby league, cricket, ‘Aussie Rules’ or football match at one of our famous stadiums.

Food
With just under a third of Brisbane’s population born overseas, you can find cuisine from almost every culture. From cheap lunchtime and ‘Cheap Tuesday’ offers, to reasonably priced cafes, pubs, restaurants and farmers’ markets, there is plenty to choose from and plenty of new culinary experiences to be had. And you can always picnic or barbecue in one of our lovely parks by the river.

Getting around
One of the best views of Brisbane is from the CityCat. It is a ferry service that runs along the river from UQ’s St Lucia campus to the city and the riverside suburb of Hamilton. Brisbane also has an extensive bus and train network that makes it easy to get around. A ‘go card’ will allow you to travel on all Brisbane public transport at discounted student prices.

Around Brisbane
When it is time to head out of the city, there is plenty to discover. Head south for the famous golden sands of the Gold Coast and Byron Bay, north for the quiet beaches of the Sunshine Coast or the majestic Great Barrier Reef, west for ancient rainforests and charming outback towns or east for the spectacular Moreton Island, Stradbroke Island and Fraser Island. Sydney, Cairns and Melbourne are all short flights away. You will wish you had more holidays.

GATTON
Gatton, the largest town in South-East Queensland’s Lockyer Valley, is the home of the UQ Gatton campus. Bordered by unspoil mountain ranges and located only 87 kilometres from Brisbane, Gatton has a culturally diverse population of approximately 7000 people. UQ Gatton students enjoy a laidback, country lifestyle in a close-knit community.
Considered one of the most beautiful campuses in the world, our main campus is a vibrant mix of old sandstone buildings, modern architecture, parklands and lakes. It is a city within a city with everything you need to study, live and relax.
Food
St Lucia is full of cafe and food options. From great coffee and bakery food, to make-your-own sandwich stations, pizza, vegetarian food, noodles, bubble tea and juice bars, you won’t go hungry or thirsty. Options include organic and halal food.
I: instagram.com/uqfood

Retail
You don’t need to leave the campus for your shopping. There is a Co-op bookshop, a shop where you can sell your secondhand books, banks, a hairdresser, a travel agent, a post office, newsagencies and a Wednesday market offering handicrafts, gifts and fashion. Grocery stores are only a short walk away.

Entertainment
Check out live music on campus at The Red Room. Grab a bite to eat close by at the Pizza Caffe before catching a theatre production at our Schonell Theatre. For some inspiration, head to our art, anthropology or antiquities museums.

Fitness
You can access UQ Sport venues all year around at discounted student prices. There is a cardio and weights gym, a 50-metre pool, an Olympic-standard athletics track, 21 floodlit tennis courts, netball courts, new hockey courts, cricket nets, several ovals where you can stretch your legs and much more.
W: uqsport.com.au

Library
We have ten libraries on campus. Each features computers for students, group rooms, 24-hour study rooms, quiet areas, plus friendly staff ready to help you with research, training, finding past exam papers, printing in 3D and details about the latest author talk, lecture or panel discussion in the library.
W: library.uq.edu.au

Healthcare
If you need to see a doctor or a dentist, head to our friendly staff at the UQ Health Service clinic. The pharmacy is close by, should you need any medicine.
W: uq.edu.au/healthservice

W: future-students.uq.edu.au/campuses
Food and retail
You can buy food and drinks from the Coffee Cart, Dining Hall and Walkway Cafe, and you can purchase and sell books at our retail bookshops. There is an on-campus ATM and a post office, and keep an eye out for the regular Walkway Markets attended by local growers and suppliers.

Green thumbs
Two campus farms house animals, horticultural fields, a plant nursery, post-harvest facilities, research laboratories, greenhouses, and plenty of machinery. Grow your own herbs and vegetables in the campus’ community garden.

Fitness
Gatton’s gym has a weights room and offers fitness classes every week. You can go for a swim in the 25 metre pool or grab a friend and head to the squash courts, tennis courts, the indoor sports hall or one of three ovals.

Library
Gatton’s two-level library features computers, 24-hour study spaces, a phone-friendly space, group rooms and adjustable workstations.

Free inter-campus bus service
UQ provides a free inter-campus bus service between UQ Gatton and UQ St Lucia for students and staff.

W: future-students.uq.edu.au/campuses
UQ HERSTON

This campus is located in the heart of Brisbane’s health district.

It is home to our Medicine (1) and Public Health (2) schools, UQ’s Centre for Clinical Research (3) and the Oral Health Centre (4).

Next door is the Royal Brisbane and Women’s Hospital (5) and the Queensland Institute of Medical Research Berghofer Medical Research Institute (6).

W: future-students.uq.edu.au/campuses

Food and retail
You can grab a bite to eat or drink from Cafe Dose, the hospital cafes or Subway. There is a bank on campus and ATMs, as well as a gift shop, a pharmacy, a post office and newsagency, and a bookshop.

Library
Herston’s Health Sciences library features computers, group and individual rooms, 24-hour study spaces, a consultation room, and access to the Queensland Health network.
We offer associate programs, bachelor programs, dual programs and honours programs at undergraduate level. You can receive credit for prior studies and if you do not meet the entry requirements for your program of choice, we have pathways to help you upgrade your academic qualifications and English language proficiency.
**USING THE PROGRAMS SECTION**

1. **Choose what you want to study**

   Use the alphabetical index on the opposite page to find the page on which your program, major or minor of interest is located.

2. **Check your program’s admission requirements**

   To gain entry into a UQ program you must have: ‘Standard’ or ‘Non-standard’ English language skills, studied particular subjects, and an overall minimum entry score in Year 12. Some programs have additional entry requirements. You can find each program’s entry requirements on pages 30-65.

3. **Check you qualify for entry to UQ**

   Use the fold-out to view: definitions of Standard and Non-standard English language requirements and how to meet them, subject prerequisite equivalents, and each program’s minimum entry score. If you do not qualify for entry to UQ you may be able to upgrade through an academic or English language pathway (see pages 24-28).

4. **Find out how to apply for your UQ program**

   Use the step-by-step application process as a guide for how to apply to UQ (see page 70).

**Key to symbols used in the Programs section**

- **Additional costs**
  A program with additional costs has costs not included in the program fee for items such as equipment, clothing, field trips, placements, special registrations or other necessities. The symbol ‘Additional costs’ does not refer to text books, laptops, and other study items that are necessary for all students. You can find out information about a program’s additional costs at future-students.uq.edu.au

- **Dual program**
  A dual program is one that you can study in combination with another specified program at the same time (sometimes known as dual/parallel/combined/double degrees). A list of dual programs can be found on page 67.

- **Honours available**
  A program with ‘Honours available’ is one that offers an optional one-year bachelor honours program upon completion.

- **Quota program**
  A quota program is one that has limited places available for students.

You can find a description of each key term used in the Programs section on the ‘UQ Terminology’ page at the back of this guide (page 82).

**Enhance your career**

A UQ bachelor degree is the solid foundation for a successful career, but to truly enhance your career prospects, consider continuing to postgraduate study after you graduate.

UQ offers postgraduate coursework programs (graduate certificates, graduate diplomas, coursework masters, coursework masters [advanced] and professional doctorates) and higher degrees by research (Master of Philosophy [MPhil] and Doctor of Philosophy [PhD]) to equip you with specialist knowledge, enhance your employability, upgrade your qualifications, help you get promoted, or pave the way for your career in academia.

If you don’t have the required results, subject requirements, or skills for your preferred UQ program, there are other ways you can join us.

You can improve your English language skills at our on-campus language institute, do a Foundation year pathway program, or study at UQ College.
THE UQ PATHWAY ADVANTAGE

Institute of Continuing and TESOL Education (ICTE-UQ)
Each year over 2500 students from 50 countries come to Brisbane to learn or improve their English at ICTE-UQ on UQ’s St Lucia campus. You will be taught by highly-qualified teachers, and ICTE-UQ will help you find homestay accommodation.
W: icte.uq.edu.au
CRICOS Provider Number 00091C

Foundation Year
International Education Services (IES) Foundation Year prepares you to study a bachelor program at The University of Queensland. You will benefit from English language courses, student counsellors, study and career advice, accommodation assistance, and an international community featuring people from over 40 countries.
W: foundationyear.com
CRICOS Provider Number: 01697J

UQ College
Located at UQ St Lucia, UQ College prepares you for success at university and equips you to achieve your ambitions. Our Associate Degree in Business provides a life-changing opportunity for you to experience the excitement and satisfaction of becoming immersed in life as a university student.
W: uqcollege.edu.au

To enter UQ, I need to improve my ...

ICTE-UQ PATHWAYS
Improve your English language proficiency

Bridging English Program (BEP) pathway

Program overview
BEP will help you to develop the English language abilities and skills needed for UQ program commencement. The course develops proficiency in all four skills (reading, writing, listening and speaking), as well as systematically building your range of vocabulary and control of grammar. If you successfully meet all BEP exit requirements, you do not need to sit an IELTS or other recognised test at the end of the course to gain entry into your UQ program. There are two BEP pathways to UQ, the BEP Advantage and the BEP Standard (see right).

Program features
• BEP offers multiple entrance points to provide you with more flexibility and a better transition to further study programs.
• Every five weeks you will have the opportunity for one-on-one consultation sessions to discuss your progress.
• Weekly progress tests will ensure you are on track with your academic progress to reach your English language goals.

Duration 10 to 30 weeks, depending on your English level and UQ program entry requirements
Indicative weekly tuition fee $455 (approximately)
Campus UQ St Lucia
Admission requirements IELTS 5.0 overall with a 5.0 in each sub-band (or equivalent)

For further information on this program, visit icte.uq.edu.au/bridging-english or scan the QR code at right

BEP Advantage (recommended)
The BEP Advantage finishes five to six weeks before semester commences. This means that:
• if, after sitting the BEP assessment you do not meet the English language requirements for entry into your UQ program, you can complete the four-week BEP Extension. At the end of the BEP Extension you will retake the official BEP assessment and, provided you obtain the required marks, enter your UQ program, OR
• if, after sitting the BEP assessment you do meet the English language requirements for entry into your UQ program, you can complete an Academic Communication Skills (ACS) course to further prepare you for your program.

Pathway to UQ program

Achieve score needed for UQ program entry

BEP Assessment

Do not achieve score needed for UQ program entry

ACS (Optional)

BEP Extension (Optional)

BEP Standard
The BEP Standard finishes immediately before the start of the UQ semester. Due to time constraints, ACS and the BEP Extension are not available with this option. If you do not achieve your required English language level to enter your UQ degree, you will need to start your program at a later date.

Pathway to UQ program

Achieve score needed for UQ program entry

UQ program

UQ program (if you achieve required result)
**English for Academic Purposes (EAP I and II) pathway**

**Program overview**
EAP prepares you for success in academic study and in the IELTS test. Program materials and assessment reflect the type of activities and learning environment students experience in university or academic studies.

**Duration** 5, 10, 15, 20, 25 or 30 weeks

**Indicative weekly tuition fee** $400 (approximately)

**Campus** UQ St Lucia

**Admission requirements**

**EAP I:** General English 5; IELTS 5.0 overall with a 5.0 in each sub-band (or equivalent)

**EAP II:** General English 6; EAP I; IELTS 5.5 overall with a 5.5 in each sub-band (or equivalent)

**Pathway to UQ program**

For further information on this program, visit [icte.uq.edu.au/english-academic-purposes](http://icte.uq.edu.au/english-academic-purposes) or scan the QR code at right

**English language Package Offers**
If you need help to achieve the English language proficiency requirements for entry into UQ, you can apply for a ‘Package Offer’ that includes:

- an ICTE-UQ English language course
- an offer that is conditional on you achieving the level of English proficiency required by your UQ program.

Package Offers are only issued to students who:

- already meet all the academic entry requirements for their chosen UQ program
- can provide evidence of their current English language ability (IELTS or other recognised test – see the fold-out in this Guide for other recognised tests).

**Learning English for work, travel or other reasons**
ICTE-UQ offers English language courses from elementary to advanced levels. If you simply want to improve your English for work, travel or other personal reasons rather than continuing on to study at UQ, take a look at our General English (GE) or English for International Business Communication (EIBC) programs.

**IELTSx**
The free IELTSx MOOC, designed and delivered by ICTE-UQ, will prepare you to take the IELTS Academic test with confidence. You will have immediate access to over 80 hours of interactive practice materials covering each of the four skills: listening, speaking, reading and writing.

IES FOUNDATION YEAR PATHWAYS

Improve your English language proficiency and academic qualifications

| 088290B     | 2 semesters| August 2017, February 2018 | $25,900         | IES College Campus, Spring Hill         | IELTS 5.5 overall and 5 in each band (or equivalent)*
|             |            |                  |                  |                                         | *Students wanting to proceed to a UQ undergraduate quota program may need to meet higher IELTS requirements for entry to IES Foundation Year. |

PROGRAM OVERVIEW

The Standard program is recommended for students with good academic results and English language proficiency. It is one of the most popular of the three programs. Students complete their studies in small class sizes and have full access to student support services throughout the duration of their studies.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

COMPULSORY SUBJECTS

Academic English For University Studies (AE); Mathematics

ELECTIVES (CHOOSE 3)

Biology, Chemistry, Physics, Accounting, Business Management, Economics, Behavioural Science, Information Technology, Research, Architecture

ADMISSION REQUIREMENTS

Eleven full years of schooling (entry from Year 11 or equivalent requires superior grades). Depending on your preferred undergraduate program, a minimum grade in Mathematics may also apply. Forecast results are accepted where appropriate and consideration is given to the actual subjects studied. We will only accept an application if the results indicate the student will have a good chance of passing the program.

FOR MORE INFORMATION

Including academic entry requirements by country and how to apply, visit foundationyear.com or scan the QR code at right.

PROGRAM OVERVIEW

The Extended program offers additional support and services to help students maximise their success at foundation and university studies.

• Extended students have regular meetings with the program coordinator to ensure they are meeting the challenges of their studies.
• The program is especially beneficial for younger students, students with high academic aspirations such as Pharmacy or Veterinary Science, and students who need to increase their English language competency.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

COMPULSORY SUBJECTS

</table>
| 088289F     | 3 trimesters| October 2017, May 2018 | $22,800         | IES and Foundation Year Campus, Spring Hill | IELTS 6 overall; 5 listening, 5 reading, 6 writing, 5 speaking (or equivalent)*
|             |            |                  |                  |                                         | *Students wanting to proceed to a UQ undergraduate quota program may need to meet higher IELTS requirements for entry to IES Foundation Year. |

PROGRAM OVERVIEW

The Express program is designed for students who have stronger English language proficiency (IELTS 6.0 or above) and are capable of handling a faster pace of tuition. It is also suitable for students who have completed a matriculation program in their own country but have not quite met the entry levels for undergraduate study or who need to gain assumed knowledge in certain subjects.

• Unlike the Standard and Extended programs, the Express program is held over three trimesters rather than two semesters.
• Students study both Academic English and Mathematics throughout the duration of their program and study one elective per trimester.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

COMPULSORY SUBJECTS

Academic English For University Studies (AE); Mathematics

ELECTIVES (CHOOSE 3)

Biology, Chemistry, Physics, Accounting, Business Management, Economics, Behavioural Science, Information Technology, Research, Architecture

* Fees displayed are for 2017. IES Foundation Year fees for 2018 will be released late in 2017.
UQ COLLEGE PATHWAY

Improve your academic qualifications

ASSOCIATE DEGREE IN BUSINESS

PROGRAM OVERVIEW
If you want to study Business at UQ, but don’t have a traditional educational background, are from a culturally or linguistically diverse group, or just need a pathway to access tertiary study, then this 16-month program offered by UQ College is your first step. You’ll build your mathematics and writing skills and gain a foundation in management, accounting, marketing, law and finance. A team of dedicated teachers and academics will empower you to succeed. If you achieve a grade point average of 4 (out of 7) during the program, you can also apply for the Bachelor of Business Management with 24 units (three semesters) of credit.

PATHWAY TO Bachelor of Business Management

CAREER OPPORTUNITIES
Graduates possess core knowledge and skills that are valued for entry-level roles in business. However, most graduates choose to continue their studies at UQ and enrol in the Bachelor of Business Management, which can lead to career opportunities in public, private, and non-profit sectors.

APPLICATION CLOSING DATE
For trimester 1: 15 October, 2017
For trimester 3: 1 June, 2018

FOR MORE INFORMATION on this program, visit future-students.uq.edu.au/study and type ‘1604’ into the search box or scan the QR code at right.

PROGRAM CODE | DURATION | START TRIMESTER | INDICATIVE ANNUAL FEE | PROGRAM LOCATION | ENGLISH | ADMISSION REQUIREMENTS
---|---|---|---|---|---|---
1604 | 1.3 years (four trimesters) | 1 (29 January, 2018) 3 (5 September, 2018) | $47,040 | UQ St Lucia | Standard (see fold-out) | Queensland Year 12 (or equivalent). Year 12 English, English Communication and Mathematics are recommended
AGRICULTURE AND ENVIRONMENT

With the world’s population set to increase significantly, food and fibre production must keep pace. We need to do this sustainably. We also need to manage and solve environmental problems to preserve nature and the earth’s animals as towns and cities expand.
THE UQ ADVANTAGE

Environmental Sciences
1st in Australia
12th in the world
(QS, 2017)

Agriculture and Forestry
1st in Australia
19th in the world
(QS, 2017)

The most modern veterinary and animal science facilities in the Southern Hemisphere

Agriculture
We offer first-class programs in agriculture, agribusiness, food, plants, soil and animals. We have fantastic facilities for each program area, we emphasise hands-on experience in class, and working in the field is part of the study program, allowing you to gain valuable experience.

Environment
We teach you the environmental sciences with an added focus on social and economic disciplines, decision-making, problem-solving and policy analysis. Students enjoy dedicated geography and marine labs, a climate station and a portable weather station. Field trips and industry placements enable you to gain experience, test different areas of interest, and prepare for a rewarding career.

AGRICULTURE AND ENVIRONMENT

BACHELOR OF ENVIRONMENTAL SCIENCE (HONOURS)

PROGRAM OVERVIEW
Open up a career in environmental science – one of the most exciting and fast-growing industries globally. As an agribusiness professional, you will use technology and contemporary business practices to manage agricultural enterprises. You will be trained to lead organisations that feed and clothe the world, and you will apply the latest concepts in marketing, human resource management, finance and operations to local, national and multinational enterprises. The program has been developed in close and ongoing collaboration with the food and fibre industry, so you will acquire the most relevant and up-to-date knowledge of farming, agricultural sustainability, food security, crop production, livestock and horticulture, and the management of logistics, human resources and marketing. You will participate in site visits, case studies and research projects, and undertake a major group project with an agribusiness company in your final year.

PROGRAM FEATURES
- UQ’s field of agriculture is ranked 19th in the world and first in Australia (2017 QS World University Rankings by Subject).
- Agribusiness courses are delivered by two schools ranked number one in Australia (2017 QS World University Rankings by Subject).
- You will complete an industry work placement for credit. Past placements have included working on a horse stud, fruit nursery, salad manufacturing plant, and North Queensland cocoa farm.

CAREER OPPORTUNITIES
Graduates typically work in industries such as primary production, research, transport, life sciences and finance. In roles such as quality assurer/manager, researcher, agricultural consultant/manager, regional and community development manager, commodity trader, salesperson, marketer/manager, supply chain manager, public policy developer and analyst, and export marketer/manager.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type 2353 into the search box, or scan the QR code at right.

ADDITIONAL COSTS
See fold-out page 32.

BACHELOR OF AGRIBUSINESS

PROGRAM OVERVIEW
Open up a career in agriculture – one of the most exciting and fast-growing industries globally. As an agribusiness professional, you will use technology and contemporary business practices to manage agricultural enterprises. You will be trained to lead organisations that feed and clothe the world, and you will apply the latest concepts in marketing, human resource management, finance and operations to local, national and multinational enterprises. The program has been developed in close and ongoing collaboration with the food and fibre industry, so you will acquire the most relevant and up-to-date knowledge of farming, agricultural sustainability, food security, crop production, livestock and horticulture, and the management of logistics, human resources and marketing. You will participate in site visits, case studies and research projects, and undertake a major group project with an agribusiness company in your final year.

PROGRAM FEATURES
- UQ’s field of agriculture is ranked 19th in the world and first in Australia (2017 QS World University Rankings by Subject).
- Agribusiness courses are delivered by two schools ranked number one in Australia (2017 QS World University Rankings by Subject).
- You will complete an industry work placement for credit. Past placements have included working on a horse stud, fruit nursery, salad manufacturing plant, and North Queensland cocoa farm.

CAREER OPPORTUNITIES
Graduates typically work in industries such as primary production, research, transport, life sciences and finance. MORE INFORMATION
Visit future-students.uq.edu.au/study and type 2352 into the search box, or scan the QR code at right.

ADDITIONAL COSTS
See fold-out page 32.

BACHELOR OF AGRICULTURAL SCIENCE (HONOURS)

PROGRAM OVERVIEW
If you want to shape the future of food, fibre and farming, consider a career as an agricultural scientist, and tackle issues like climate change, food security, sustainability and agricultural productivity. This program will give you general and specialist knowledge in biochemistry, microbiology, genetics, animal nutrition, land use, economics, the environment, and agricultural development. You’ll develop a broad understanding of the industry before specialising in either animal or plant science. During your third year, you will participate in a three-week field trip to South-East Asia to experience tropical agricultural production systems and resources.

MAJORS
Animal Science • Plant Science

PROGRAM FEATURES
- UQ’s field of agriculture is ranked 19th in the world and first in Australia (2017 QS World University Rankings by Subject).
- You will have the opportunity to complete a six-month internship in an agricultural enterprise, agribusiness or research institution in sixth semester.

CAREER OPPORTUNITIES
Graduates work as agronomists, horticulturalists, scientists, agricultural consultants, agricultural business managers, resource economists, research scientists, inspection officers and government policy advisors.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type 2352 into the search box, or scan the QR code at right.

ADDITIONAL COSTS
See fold-out page 32.

BACHELOR OF ENVIRONMENTAL MANAGEMENT (HONOURS)

PROGRAM OVERVIEW
Do you want to tackle challenging complex issues like climate change, pollution and land clearing? This four-year interdisciplinary program bridges the gap between science and management. Courses focus on both the environmental sciences (including biology, ecology and geography) and the social sciences (including the study of economics, business, and legal and policy issues). You will undertake a compulsory field trip in your third year, as well as have an option to participate in international field trips. Graduate with an internationally respected qualification, with expertise that will set you apart in a competitive job market and provide a pathway to future research or learning.

PROGRAM FEATURES
- UQ’s field of environmental sciences is ranked 12th in the world and first in Australia (2017 QS World University Rankings by Subject).
- You will have the opportunity to complete a two-week field trip to western and northern Queensland or scan the QR code at right.

CAREER OPPORTUNITIES
Graduates work in managerial, research, administrative and educational roles in national parks and wildlife conservation, environmental assessment and compliance, natural resource management, including coastal, river and catchment systems, policy development, government and commercial consultancies in environmental planning and management, mining, environmental tourism, and environmental management.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type 2356 into the search box, or scan the QR code at right.

ADDITIONAL COSTS
See fold-out page 32.

BACHELOR OF ENVIRONMENTAL SCIENCE (HONOURS)

PROGRAM OVERVIEW
Do you want to solve major global resource and environmental problems using scientific solutions? This science-focused program teaches you how to describe, monitor and predict environmental processes by examining the effect of human activity on physical and biological environments. You’ll also learn the legal, political and social aspects of environmental management. You will participate in field trips and complete a four-year research project, which includes an environmental impact assessment or an environmental audit.

MAJORS
Earth Resources • Ecology and Conservation • Environmental Toxicology • Natural Resource Science

PROGRAM FEATURES
- UQ’s field of environmental sciences is ranked 12th in the world and number one in Australia (2017 QS World University Rankings by Subject).
- You will participate in numerous excursions to places including World Heritage listed rainforests, the Great Barrier Reef, North Stradbroke Island and outback Australia.

CAREER OPPORTUNITIES
Graduates work as environmental monitors, impact assessors and managers, natural resource managers, national parks and wildlife conservationists, policy advisors, and teaching and research scientists.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type 2353 into the search box, or scan the QR code at right.

ADDITIONAL COSTS
See fold-out page 32.
PROGRAM CODE | DURATION | START SEMESTER | INDIкатIVE FEE (YEAR 1) | CAMPUS | ADMISSION REQUIREMENTS | ENGLISH | ACADEMIC PREREQUISITES | HONOURS AVAILABLE | DUAL PROGRAM AVAILABLE
---|---|---|---|---|---|---|---|---|---
2385 | 3 years | 1 (19 Feb 2018) | $38,896 | Gatton | Standard see fold-out | Queensland Year 12 (or equivalent), including Year 12 English and Mathematics A or B | | |

### PROGRAM FEATURES
- **You will be able to participate in a three-week tour of equine and production animal facilities in Kentucky and Texas, USA.**
- **You will work with our equine unit, which consists of 110 horses, a horse walker, round yards, performance testing facilities, a reproduction laboratory, holding yards, teasing lanes and equestrian training arenas.**
- **UQ has an Equestrian Club where you can meet fellow horse enthusiasts and compete in equestrian events.**
- **Graduates typically work in equine enterprise management, agribusiness firms servicing the equine industry, animal nutrition and animal health companies, bloodstock agencies, breed societies, equestrian centres, riding schools, equine industry organisations, equine journalism, horse studs, pre-conditioning and training businesses, racing and competition stables, sales and marketing, and statutory bodies administering racing and trotting.**

### CAREER OPPORTUNITIES
Graduates are employed in government departments, research institutions, agribusinesses, horticultural production, biosecurity, extension and animal production enterprises, allied industries, and livestock and poultry health companies.

2387 | 3 years | 1 (19 Feb 2018) | $38,896 | Gatton | Standard see fold-out | Queensland Year 12 (or equivalent), including Year 12 English and Mathematics A or B | | |

### PROGRAM OVERVIEW
Develop your theoretical and practical skills for a range of para-veterinary healthcare roles in animal support, welfare or behavioural management. You’ll build a strong foundation in chemistry, applied maths, animal biology, communication, management, and animal behaviour and handling, before developing deeper and more specific expertise in areas including animal anatomy and physiology, animal pathogens (parasites, viruses, bacteria and similar) and immunity, agricultural biochemistry, and animal health technologies in medicine, surgery, anaesthesia and radiology.

### PROGRAM FEATURES
- **Gain hands-on experience by undertaking clinical rotations and participating in industry placement programs.**
- **Experience at least 80 hours of practical sessions in your first year, and off-campus studies of 30 days. In your third year, you will complete a six-week industry placement in any approved veterinary-related field.**
- **Graduates are employed in areas including veterinary radiology, anaesthesia, surgery, pathology, clinical pathology, nutrition and veterinary therapeutics. They typically work as support staff in veterinary practices in roles such as veterinary practice managers, animal behaviour and training instructors, animal research technicians or supervisors, biosecurity inspectors and project support officers with government agencies.**

### CAREER OPPORTUNITIES
Graduates are employed in government departments, research institutions, agribusinesses, horticultural production, biosecurity, extension and animal production enterprises, allied industries, and livestock and poultry health companies.

### MORE INFORMATION

### BACHELOR OF WILDLIFE SCIENCE

PROGRAM CODE | DURATION | START SEMESTER | INDIкатIVE FEE (YEAR 1) | CAMPUS | ADMISSION REQUIREMENTS | ENGLISH | ACADEMIC PREREQUISITES | HONOURS AVAILABLE | DUAL PROGRAM AVAILABLE
---|---|---|---|---|---|---|---|---|---
2388 | 3 years | 1 (19 Feb 2018) | $38,896 | Gatton | Standard see fold-out | Queensland Year 12 (or equivalent), including Year 12 English and Mathematics A or B | | |

### PROGRAM OVERVIEW
In this three-year program, you’ll study horses and their welfare, behaviour, nutrition, reproduction, health, rehabilitation, exercise and physiology. You’ll build a strong understanding of animal and plant biology, applied maths and statistics, and chemistry before specialising in areas including agricultural biochemistry, horse behaviour, physiology, biomechanics, breeding, nutritional physiology and diet. Graduate with scientific knowledge and practical skills that can be used in all aspects of the equine industry to improve the management, performance and welfare of all horses.

### PROGRAM FEATURES
- **You will work with UQ Gatton’s wildlife scientists, who are involved in the conservation and management of non-captive and captive wildlife, as well as exotic animals in Australia and overseas.**
- **You will participate in industry placement programs in zoos, sanctuaries, wildlife parks, government agencies, welfare organisations and animal breeding enterprises.**

### CAREER OPPORTUNITIES
Graduates enjoy employment in research, managerial and educator roles, working in the agriculture sector (perhaps educating farmers about the best way to keep cheetah away from livestock), tourism (managing animal welfare and research programs), or for government departments (researching and managing feral animals). Others work in biology, conservation, land management and ecotourism, environmental consultancies, vertebrate pest and game management, wildlife science, government agencies, and wildlife sanctuaries and zoos.

### MORE INFORMATION
Visit future-students.uq.edu.au/study and type '2388' into the search box or scan the QR code at right.

ARCHITECTURE AND PLANNING

BACHELOR OF ARCHITECTURAL DESIGN

PROGRAM OVERVIEW

As an architect, you will imagine and design spaces that are beautiful and functional, inside and out. The Bachelor of Architectural Design – the first step to becoming a professional, registered architect – provides you with the knowledge and technical skills to complement your creativity, preparing you to shape our built environment and design the cities and spaces of tomorrow. From your first year you’ll learn about the history of buildings and culture, architectural design principles, terminologies and technologies, the relationship between society and built environments, and the evolution of style. You’ll also learn how to design in response to climate and context, from lecturers who have strong, local industry links and international perspective, and teach in studio-based design courses, which provide you with opportunities to develop special areas of interest.

PROGRAM FEATURES

- UQ’s field of architecture is ranked 49th in the world (2017 QS World University Rankings by Subject).
- You will have access to dedicated studio facilities that are available for student-use 24 hours a day, seven days a week, as well as state-of-the-art library, model making, construction and technical laboratory facilities.
- You will learn by making – UQ Architecture emphasises the importance of practical skills so that you can realise your most imaginative ideas through models, sculptures and structures.

CAREER OPPORTUNITIES

Graduates enjoy employment with architects and in allied design professions, government departments, statutory bodies, local authorities, commercial and industrial development, engineering and architectural firms, heritage and conservation, land use planning, planning law and practice, resource management, social planning, tourism, and transport and infrastructure planning.

BACHELOR OF REGIONAL AND TOWN PLANNING

PROGRAM OVERVIEW

If you want to be an informed professional who makes well-advised planning and development decisions, you’re in the right place. The Bachelor of Regional and Town Planning prepares you to plan cities and communities in their entirety, from land use, transport, infrastructure, and urban design, through to real estate markets, investment, sustainability, regulatory frameworks and community consultation.

PROGRAM FEATURES

- You will undertake a planning project each year, where you’ll work with industry, government and community partners on real-life developments in South-East Queensland.
- You have the opportunity to enrol in courses that will take you on field studies to Indonesia, Vietnam and Hong Kong.

CAREER OPPORTUNITIES

Graduates are employed in areas such as urban design, statutory planning, strategic planning, regional development, environmental management and monitoring, technology for planning, spatial planning, commercial and industrial development, engineering and architectural firms, heritage and conservation, land use planning, planning law and practice, resource management, social planning, tourism, and transport and infrastructure planning.

TOMMY NGUYEN

Bachelor of Architectural Design

“Whether it was wooden blocks, Lego bricks or pillows and blankets, making my own spaces was always fun. Not knowing there was a profession for it, I continued through school, creating spaces and imagining what the future might look like.

Discovering the profession of architecture opened the gate to new opportunities. After completing my first year at UQ, I have grown to love architecture and the broad range of skills that I am learning.”
Architecture public events

UQ Architecture does more than teach and research. We curate national and local exhibitions and conferences, and host lecture series, symposia and other events that advocate for architecture and design.

• In 2016, a group of students volunteered with Vietnamese architect Vo Trong Nghia to build The Green Ladder Sherman Pavilion for the Asia Pacific Architecture Forum at the State Library of Queensland.
ARTS, COMMUNICATION AND SOCIETY

The humanities have defended free and independent thought throughout the centuries. The social sciences gifted the ideas of progress, fairness and equality to society. In today’s business-intensive world, these principles matter more than ever.
Facilities include archaeology labs, a drama studio, a university radio station, a TV studio, language labs, a journalism centre and a music auditorium.

BACHELOR OF COMMUNICATION

PROGRAM OVERVIEW
In response to the dramatic changes taking place in media industries, technologies and cultures, UQ has re-designed the Bachelor of Communication program for the digital age. This program responds to employer demand across the media and communication industries, and will prepare you for a lifetime of creative and critical use of media and communication in industries, government and communities. The Bachelor of Communication will give you a strong foundation in writing, industry engagement – including internships, practice and production skills, and critical thinking. You’ll develop expertise in multimedia and online content production, social media engagement and analytics, community and stakeholder engagement, and campaign development.

MAJORS AND MINORS
- Advertising (Minor)
- Digital Media (Major)
- Event Management (Minor)
- Health Communication (Minor)
- Interaction Design (Minor)
- Journalism (Minor)
- Public Relations (Major)
- Writing (Minor)

PROGRAM FEATURES
- UQ's field of communication is ranked 25th in the world (2017 QS World University Rankings by Subject).
- You will have access to an interactive student learning centre, which has a media lab, audio recording and production rooms, a digital radio studio and control room, and a video production studio and post-production suite.

CAREER OPPORTUNITIES
You will undertake work-integrated learning with media experts across television, print, online and radio journalism, as well as producers, filmmakers and media managers.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type ‘2236’ into the search box or scan the QR code at right.

BACHELOR OF CRIMINOLOGY AND CRIMINAL JUSTICE (HONOURS)

PROGRAM OVERVIEW
The Bachelor of Criminology and Criminal Justice (Honours) is a specialised program of study that prepares you for a career as a criminologist. You will study criminological theory, criminal justice, criminological research methods, criminal law, and professional criminology and criminal justice. As a criminologist, you will understand how the justice system works, why people commit crimes, and have the skills and knowledge to contribute towards preventing and controlling crime and social problems that face contemporary society.

PROGRAM FEATURES
- You will learn from academics and industry professionals working in the top levels of criminology and criminal justice.
- This program delivers industry-relevant skills with a number of specialised criminal law courses, and professional development courses for each year level.

CAREER OPPORTUNITIES
In a rapidly growing national and international employment market, you will be well-positioned for a career at all levels of government, in local companies and global corporations, and a range of non-government treatment and social service agencies.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type ‘2408’ into the search box or scan the QR code at right.
# Bachelor of International Studies

**Program Overview**
The world is bigger than you know. Through International Studies, you’ll develop the language skills and cultural awareness to effectively communicate across linguistic, cultural and political boundaries, so you can engage in international development, diplomacy, business and trade. This program will develop your fluency in a language other than English, and help you understand important areas within global politics, economics, and international cooperation and development. You will also do on a compulsory exchange to your choice of more than 150 partner universities in your third year.

**MAJORS**
Chinese • Chinese Translation and Interpreting

- Economics • French • German • History • Indonesian • International Inequality and Development • International Relations • Italian • Japanese • Korean • Peace and Conflict Studies • Russian • Spanish

**Program Features**
- UQ was ranked number one in Australia for undergraduate international relations in a 2015 Teaching Research and International Policy (TRIP) survey.
- You will undertake a compulsory international exchange during semester one of your third year.
- You may complete an optional internship with one of our partners, including the Australian Federal Parliament, the Parliament of Queensland, and other national and international agencies.

**Career Opportunities**
Graduates enjoy challenging and rewarding careers in a diverse range of organisations and industries, both locally and around the world, working in fields such as diplomacy and foreign affairs, defence and intelligence, government and policy, international development, translation and interpreting, education, humanitarian services, community services, journalism, communications and consulting.

**More Information**
Visit [future-students.uq.edu.au/study](http://future-students.uq.edu.au/study) and type ‘2316’ into the search box or scan the QR code at right.

## Bachelor of Journalism

**Program Overview**
Journalists are smart, curious, sharp and courageous advocates for truth; defenders of democracy; and scrutineers of power. This program will prepare you to research, report, write and tell stories across print, digital, radio and television mediums. In courses that keep pace with the latest industry developments, you’ll learn vital knowledge, values and skills, with insight into how the media is changing (and has changed) and what this means for you as a graduate journalist. You’ll also thrive in state-of-the-art facilities, including an interactive student learning centre, a media lab with industry-standard Adobe software packages, an audio and video recording and production room with a green screen, and a digital radio studio and control room.

**Program Features**
- UQ’s field of communication is ranked 25th in the world (2017 QS World University Rankings by Subject).
- The School of Communication and Arts has its own media channels run by students: JAC Digital, JACradio (broadcasting 24/7) and jacTV.
- Industry-based work-integrated learning is a key part of the program.

**Career Opportunities**
Graduates are often employed as journalists, feature writers, magazine editors, news editors, directors of content and media production, digital journalists or bloggers, television and radio presenters, producers and writers, media advisors, programming associates and professionals, television and radio researchers, and photojournalists. Others are sought after for their ability to tell compelling stories in communications or corporate publishing roles.

**More Information**
Visit [future-students.uq.edu.au/study](http://future-students.uq.edu.au/study) and type ‘2040’ into the search box or scan the QR code at right.

---

## Bachelor of Music (Honours)

**Program Overview**
At UQ’s School of Music, you will evolve from a gifted musician into one of the cultural leaders of tomorrow, using sound to create experiences that are vivid, beautiful and alive. This program will give you a thorough understanding of music theory, research and history, while allowing you to excel in your chosen specialty, encouraged to collaborate and excel with like-minded creative peers. Your practical studies in your chosen instrument will be complemented by courses in music history, techniques, aural training and other courses. You will also specialise and complete a research thesis in your final year.

**Program Features**
- Access our dedicated Architecture and Music Library, which has thousands of sound recordings, printed music from composers dating back to the 13th century, and an extensive collection of music theory resources.
- If you wish to specialise in music education, enrol in the five-year dual program of Bachelor of Music (Honours)/Bachelor of Education (Secondary).

**Career Opportunities**
Graduates are employed as composers, conductors, professional musicians, music teachers, music journalists, writers or reviewers, artist managers, record label administrators, festival and events administrators, or music and diversional therapists (with further study).

**More Information**
Visit [future-students.uq.edu.au/study](http://future-students.uq.edu.au/study) and type ‘2355’ into the search box or scan the QR code at right.

---

## Bachelor of Social Science

**Program Overview**
While most people have opinions about society, social scientists offer in-depth answers backed up by quality research. As a Bachelor of Social Science student, you’ll investigate social issues including poverty, unemployment, health and happiness. This multidisciplinary program promotes research at its core. You’ll learn how to solve a range of social problems on local, national and international levels.

**MAJORS**
Development • Health and Society • Social and Public Policy

**Program Features**
- UQ’s field of social sciences is ranked 39th in the world (2017 QS World University Rankings by Subject).
- You may undertake a supervised research project in your third year,selected by an industry partner. You’ll get first-hand experience in the world of social science research and deliver your findings at a showcase attended by academics, students and industry.

**Career Opportunities**
Graduates enjoy employment as researchers, evaluation officers, ethics advisors, policy advisors, project officers, social planners, international development managers, community planners and support workers, social analysts, health promotion and services officers, crime prevention officers, probation, parole and prison officers, court support officers, and customs and immigration officers.

**More Information**
Visit [future-students.uq.edu.au/study](http://future-students.uq.edu.au/study) and type ‘2032’ into the search box or scan the QR code at right.

Through the school’s extensive curricular program, your academic studies will be supported by the TCB Wellness Program, and complemented by opportunities to participate in the school’s world class mooting program. You will also be able to take advantage of the award-winning Pro Bono Centre.

**PROGRAM FEATURES**
- UQ’s School of Economics is consistently ranked 8th in the world (2017 QS World University Rankings by Subject).
- You can undertake work experience in Queensland or Japan.
- You have 24/7 access to the Walter Harrison Legal Library including study spaces. You can also participate in mootings and pro bono activities.

**CAREER OPPORTUNITIES**
Graduates enjoy employment as barristers or solicitors in private practice, public prosecutors, community lawyers, legal officers, and in-house counsel for large companies, while others pursue careers in areas such as investment banking, insurance, government and international relations, property development and management, or in the consulting industry, with industry associations, lobby and environmental groups, social service groups, research think tanks, community service organisations, or Legal Aid and community legal centres. The Bachelor of Laws (Honours) fulfils the academic requirements for admission as a legal practitioner throughout Australia. Further practical legal training is required prior to admission.

**MORE INFORMATION**
Visit future-students.uq.edu.au/study and type 2359 into the search box or scan the QR code at right.

---

BACHELOR OF POLITICS, PHILOSOPHY AND ECONOMICS (HONOURS)

**PROGRAM OVERVIEW**
This program offers an integrated, cross-disciplinary perspective that combines broad and rigorous training in the foundations of politics, philosophy and economics. You will study all three disciplines and will be challenged with examining current and future global challenges. This program will equip you with versatile skills to address complex and challenging issues, drawing on an historical, social, political and economic knowledge base.

**MAJORS**
- Economics
- Philosophy
- Politics

**PROGRAM FEATURES**
- Take part in work placements at leading agencies both in Australia and overseas, and study for a semester at one of our international partner universities.
- 2017 was the first year this program was offered at UQ, however the Bachelor of Politics, Philosophy and Economics has provided the foundation for philosophy and economics.

**CAREER OPPORTUNITIES**
As a graduate of this program, you will be extremely employable in analytical and decision-making positions in the public, private and not-for-profit sectors, in roles such as economist, social analyst, policy-maker, public commentator, political advisor, and as a leader in international affairs and the diplomatic services.

**MORE INFORMATION**
Visit future-students.uq.edu.au/study and type 2412 into the search box or scan the QR code at right.
The world of learning is going through significant social and technological change. It is an exciting time for teachers to influence the development of their students in new and interesting ways.
THE UQ ADVANTAGE

We are ranked 14th in the world for Education (QS, 2017)

Graduates are eligible to apply for teacher registration with the Queensland College of Teachers

Our vision is to teach you how education has changed, and prepare you for the future of learning. We emphasise problem-solving and problem-posing methods, strategies to ignite student passion, and how to use technology in imaginative ways that students will love. We also place you in classrooms so you can learn and develop, and start inspiring the minds of tomorrow.

You will complete between 80 to 100 days of supervised teaching in the classroom, depending on which program you enrol in.

You need to be passionate about what you teach, because if you don’t love what you are doing it is very difficult to inspire others. Every day is different and you are always learning something new.

I thought the program was well-structured as there were many different elective courses to choose from to develop your knowledge and interest in that area.

I particularly enjoyed my final year of study where I completed two practicum blocks at a school in preparation for becoming a teacher. I felt this helped me concentrate in making the transition from university student to teacher.

UQ offered many opportunities to prepare for life after university. The content of some courses included concepts and practical skills that applied to real life situations.”
The world needs structural solutions for our expanding cities, and we need computer systems to enhance the efficiency of our organisations, companies and lives.

BACHELOR OF ENGINEERING (HONOURS) / MASTER OF ENGINEERING

**PROGRAM OVERVIEW**
As a UQ Bachelor of Engineering (Honours) student, you’ll graduate at the forefront of your profession. This program prepares you for a meaningful career addressing some of the key challenges of the 21st century, such as water resourcing, infrastructure and communication, food and health services supply, and sustainable energy development. You’ll choose from Australia’s largest range of engineering majors, graduating with a highly respected honours qualification and skills that will set you apart in a competitive job market.

**EXTENDED MAJORS (EM) AND MAJORS**
Chemical Engineering (EM) • Chemical and Biological Engineering • Chemical and Environmental Engineering • Chemical and Materials Engineering • Chemical and Metallurgical Engineering • Civil Engineering (EM) • Civil and Environmental Engineering • Civil and Geotechnical Engineering • Electrical Engineering (EM) • Electrical and Biomedical Engineering • Electrical and Computer Engineering • Mechanical Engineering (EM) • Mechanical and Aerospace Engineering • Mechanical and Materials Engineering • Mechatronic Engineering (EM) • Mining Engineering (EM) • Mining and Geotechnical Engineering • Software Engineering (EM)

**PROGRAM FEATURES**
⭐ UQ’s field of engineering is ranked 60th in the world (2017 QS World University Rankings by Subject).
⭐ Engineers Australia’s top 100 most influential engineers for 2015 included 10 UQ graduates.

⭐ You can complete your compulsory 450 hours of professional practice with organisations including Boeing, Deloitte, Energes, Ernst and Young, Google, Lend Lease, the Queensland Government and Rio Tinto.

**CAREER OPPORTUNITIES**
Graduates work as engineers and consultants in government, business and industry within Australia and overseas.

BACHELOR OF INFORMATION TECHNOLOGY

**PROGRAM OVERVIEW**
If you’re passionate about innovation, thrive when solving problems, and want to shape the future of technology, then UQ’s Bachelor of Information Technology is the program for you. Developed through strong industry consultation via our Industry Advisory Board (made up of multinational companies including Boeing, Microsoft, Virgin, Accenture and SAP), this program will establish your strong professional understanding of software and hardware with fundamental technical, analytical and problem-solving skills, interpersonal and project-work skills, programming languages, and design principles. You can also take advantage of UQ’s state-of-the-art facilities, which include more than 740 Windows, Unix and Apple workstations, 16 specialist computer labs (including 10 with 24-hour access), and a university-wide 802.11ac Wi-Fi network.

**MAJORS**
Computer Systems and Networks • Enterprise Information Systems • Software Design • Software Information Systems • User Experience Design

**PROGRAM FEATURES**
⭐ Many industry-sponsored scholarships and prizes are available: see itee.uq.edu.au/future-scholarships.
⭐ In your final year you’ll have the opportunity to undertake a placement, and work on a significant industry-based project.

⭐ UQ offers industry experience opportunities with companies such as IBM, Google and SAP that can lead to graduate employment.

**CAREER OPPORTUNITIES**
Graduates typically work as analysts, programmers, designers, developers, administrators, consultants, or project managers, working on small teams to complete projects within their organisation, or for external clients.

UQ Idea Hub

UQ Idea Hub is a start-up pre-incubator for the aspiring, the inspiring and the ambitious. The program brings together workshops, experienced mentors and a network of local and global innovators to help you grow your idea into a solution that matters.

Throughout the program, you will have the opportunity to form and test your early-stage ideas for potential commercial opportunity. You will also build networks with other students, idea makers and seasoned entrepreneurs for a strong, well-connected start to your entrepreneurial journey.

For more information, visit ideahub.uq.edu.au
There is a shortage of doctors around the world as life expectancy increases. The health sector is seeking alternatives to costly hospital-based models, leading to greater demand for professionals who can prevent rather than treat disease and injury. It is an exciting time for a career in health.
THE UQ ADVANTAGE

Ranked
25th in the world for Psychology
38th for Nursing

31st for Pharmacy and Pharmacology
42nd for Medicine (QS, 2017)

One of the widest range of health study areas in Australia

Global partnerships with World Health Organization, the World Bank, Médecins Sans Frontières, University of Oxford, Ochsner Health System (USA), and tropEd

Our vision at UQ is to advance understanding of health issues, build better health services, and make you a leader and innovator of the future. A hands-on approach and cutting edge research are built into our teaching to prepare you for all types of care situations. Clinical and industry placements will help you to expand your professional network, decide on a specialty and prepare for an exciting career.

BACHELOR OF BIOMEDICAL SCIENCE

PROGRAM OVERVIEW
As a Biomedical Science student, you will understand the breadth and depth of modern biomedical science. Learn from our researchers who are leaders in this area and benefit from their latest knowledge of biomedical science developments. By integrating your study across the various discipline areas in the biomedical sciences, you will graduate with a well-rounded, wide range of knowledge and enter a rewarding career in modern biomedical science. You can also use this program as a pathway to study medicine or allied health programs. Your studies will focus on the human body at the molecular, cellular and whole body levels, and the disciplines of anatomy, biochemistry and cell biology, physiology, developmental biology, microbiology, pharmacology and neuroscience. You will learn the scientific process through activities ranging from experimental design and hands-on experiments to computer modelling.

PROGRAM FEATURES
★ UQ’s field of natural sciences is ranked 75th in the world (2017 QS World University Rankings by Subject).
★ Outstanding students may have the option of completing research at the University of Oxford at Oxford’s Department of Pharmacology or the Nuffield Department of Clinical Neurosciences.

CAREER OPPORTUNITIES
This program will help you embark on a biomedical science career, including in hospital and diagnostic clinical laboratories, biotechnology and pharmaceutical companies, laboratory work in molecular and cellular biology, health policy and communication, and secondary schools or other educational institutions (when combined with a teaching qualification).

MORE INFORMATION
Visit future-students.uq.edu.au/study and type ‘2413’ into the search box or scan the QR code at right.

BACHELOR OF CLINICAL EXERCISE PHYSIOLOGY (HONOURS)

PROGRAM OVERVIEW
The Bachelor of Clinical Exercise Physiology (Honours) degree will prepare you for an exciting career as an accredited exercise physiologist (and accredited exercise scientist). Accredited exercise physiologists are recognised allied health professionals who design and deliver exercise interventions for the prevention and management of a range of musculoskeletal, cardiovascular, metabolic, neurologic, cancer and mental health conditions. The UQ Bachelor of Clinical Exercise Physiology (Honours) degree is the only four-year undergraduate clinical exercise physiology program in Australia where you will graduate with a highly respected Honours qualification.

PROGRAM FEATURES
★ You will undertake more than 550 hours of practical placements in a variety of clinical settings, including hospitals, health care organisations and fitness facilities.
★ Graduates may be eligible for membership with Exercise and Sports Science Australia (ESSA).
★ Accredited exercise physiologists and accredited exercise scientists have skills that can be applied to a variety of clinical, exercise and sport science professions. They may work in a variety of settings, including private practices, home health services, hospitals or clinical services, research centres, and community health and fitness centres. Other careers include biomechanist, cardiac scientist, respiratory technician, strength and conditioning specialist, rehabilitation professional, health promotion officer, corporate health and fitness advisor, health educator, fitness consultant, community recreation officer and exercise science researcher.

CAREER OPPORTUNITIES
Outstanding students may have the option of completing research at the University of Oxford at Oxford’s Department of Pharmacology or the Nuffield Department of Clinical Neurosciences.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type ‘2415’ into the search box or scan the QR code at right.

BACHELOR OF DENTAL SCIENCE (HONOURS)

PROGRAM OVERVIEW
The Bachelor of Dental Science (Honours) educates the next generation of dental professionals in the most advanced oral health facility in Australia. With small cohorts and dedicated, specialist teachers, you will master the science and technical skills required to care for patients, and prevent, diagnose and treat oral diseases and abnormalities. You will be workforce-ready when you graduate, with extensive clinical experience and in-depth knowledge of general practice in dentistry, orthodontics, paediatric dentistry, periodontics, prosthodontics, oral medicine, oral and maxillofacial surgery, and public health.

PROGRAM FEATURES
★ You will complete over 1900 hours of practical placements in a variety of clinical settings.
★ You will study at the $138 million Oral Health Centre in Herston, which has more than 150 dental chairs in 11 clinics.
★ Once registered, you can establish your own private practice, work within an established practice, or join a partnership. Within the public sector, there are opportunities to work within hospitals, community health services, or school-based dental clinics across Australia. Postgraduate study offers opportunities to specialise in a recognised field such as orthodontics, oral and maxillofacial surgery, prosthodontics, oral medicine, dento-maxillofacial radiology and public health.

**BACHELOR OF EXERCISE AND NUTRITION SCIENCES**

**PROGRAM FEATURES**
- This program is a preferred pathway into UQ’s Doctor of Medicine.
- You will undertake 500 hours of professional practicum providing hands-on experience with real clients in a supervised environment.
- Graduates are eligible for accreditation with Exercise and Sports Science Australia (ESSA) – the leading professional association for exercise and sports science practitioners.

**CAREER OPPORTUNITIES**
Career opportunities are varied and may include prescribing and delivering exercise and physical activity programs in the fitness industry, developing strength and conditioning programs to assist elite athletes and sporting teams, delivering workplace health promotion and executive health management programs, or conducting diagnostic measurements (cardiac, sleep, respiratory or neurophysiology) in hospitals or other clinical services.

**PROGRAM CODE**
- 2371

**DURATION**
- 4 years

**START SEMESTER**
- 1 (9 Feb 2018)

**INDICATIVE FEE (YEAR 1)**
- $34,752

**CAMPUS**
- St Lucia

**ADMISSION REQUIREMENTS**
- Standard, see fold-out
- Queensland Year 12 (or equivalent), including Year 12 English and one of Year 12 Biology, Chemistry or Physics.
- Evidence of immunisation against blood-borne transmissible viruses or other diseases.

**BACHELOR OF EXERCISE AND SPORT SCIENCES (HONOURS)**

**PROGRAM FEATURES**
- This program is a preferred pathway for UQ’s Master of Dietetics Studies and is a recommended pathway into UQ’s Doctor of Medicine.

**CAREER OPPORTUNITIES**
Graduates frequently combine a Bachelor of Exercise and Nutrition Sciences with a postgraduate qualification to specialise in non-clinical or clinical careers such as dietetics, medicine and physiotherapy. Other students use their skills to work in graduate entry roles such as nutrition assistant, fitness or weight loss consultant, or research assistant.

**PROGRAM OVERVIEW**
This program will ignite your interest in the complexities of maintaining an active, healthy human body and allow you to make an essential contribution to wellbeing, rehabilitation and performance. This program focuses on understanding how to enhance human performance, how the body responds to exercise and physical activity, and how to conduct research which could help build healthier communities and stronger athletes.

**PROGRAM FEATURES**
- UQ’s sports-related subjects are ranked among the top five in the world (2017 QS World University Rankings by Subject, CEOWORLD rankings 2017, Shanghai Global Rankings 2016)
- This program is a preferred pathway into UQ’s Doctor of Medicine.
- You will undertake 500 hours of professional practicum providing hands-on experience with real clients in a supervised environment.
- Graduates are eligible for accreditation with Exercise and Sports Science Australia (ESSA) – the leading professional association for exercise and sports science practitioners.

**CAREER OPPORTUNITIES**
Career opportunities are varied and may include prescribing and delivering exercise and physical activity programs in the fitness industry, developing strength and conditioning programs to assist elite athletes and sporting teams, delivering workplace health promotion and executive health management programs, or conducting diagnostic measurements (cardiac, sleep, respiratory or neurophysiology) in hospitals or other clinical services.

**BACHELOR OF HEALTH SCIENCES**

**PROGRAM OVERVIEW**
In this three-year program, you will gain a broad understanding of healthcare, studying biomedicine, ethics, evidence-based practice, health behaviours and nutrition. You’ll specialise in health promotion, nutrition or public health, and get hands-on experience during your final semester of study with a minimum of 90 hours of supervised work experience.

**MAJORS**
- Health Promotion
- Nutrition
- Public Health

**PROGRAM FEATURES**
- This program is a recommended pathway into UQ’s Doctor of Medicine.
- UQ’s field of life sciences and medicine is ranked 32nd in the world (2017 QS World University Rankings by Subject).

**CAREER OPPORTUNITIES**
Graduates pursue rewarding careers as nutritionists, health promotion or public health officers, or in health administration. Others pursue clinical careers through further study.

**MORE INFORMATION**
Visit future-students.uq.edu.au/study and type 2252 into the search box or scan the QR code at right.

**ADDITIONAL COSTS**
- See fold-out

**HOOMAN BAGHAIE**
Bachelor of Dental Science (Honours)

“Part of my development as a dentist has been to give something back to the community. UQ has supported me to provide volunteer dental care in East Timor and Cambodia, and in Australia with the Royal Flying Doctor Service.”
BACHELOR OF HEALTH, SPORT AND PHYSICAL EDUCATION (HONOURS)

PROGRAM OVERVIEW
Do you want to make a difference in young lives by inspiring healthy lifestyles through physical activity? This program prepares you to be a specialist health, sports or physical education teacher in secondary schools, with junior science as your secondary teaching area, or in related areas such as sports education, outdoor recreation or health promotion. You’ll help young people explore a range of sport and physical activities, develop self-esteem, and acquire social skills. As part of the program, you will complete placements where you’ll work with young people in primary and secondary schools.

PROGRAM FEATURES
⭐ UQ’s sports-related subjects are ranked among the top five in the world (2017 QS World University Rankings by Subject, CEOWORLD rankings 2017, Shanghai Global Rankings 2016).
⭐ You will undertake more than 100 days of supervised teaching experience in a range of settings including primary, secondary and special needs schools.

CAREER OPPORTUNITIES
Graduates can pursue a broad range of careers, not only as a specialist teacher of physical education, health education and junior science, but also as health promotion officer, sports coach, corporate health officer, and roles in sports academies, charities and institutes.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

BACHELOR OF MIDWIFERY

PROGRAM OVERVIEW
Safely guiding expectant mothers (and parents) through pregnancy, birth and the weeks that follow might be one of the most challenging and rewarding careers there is. UQ midwives provide professional care, education, support and advice, and play a pivotal role in the lives of mothers, fathers, babies and communities around the world.

PROGRAM FEATURES
⭐ You will benefit from a program that focuses theory on specific case studies, so you can apply everything you’re learning to real-life scenarios.
⭐ Your clinical placements will commence early in the first semester, and in your final year you will complete extended clinical placements in a variety of maternity and healthcare settings.

CAREER OPPORTUNITIES
Midwife in public or private health, maternity and neonatal care, teaching, research, rural and remote health, and aid organisations.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

LI LIM
Bachelor of Occupational Therapy (Honours)

“I chose to study the Bachelor of Occupational Therapy (Honours) as I have a strong personal belief that everyone has the right to live a life filled with everyday activities that we enjoy doing and that bring us happiness. I have enjoyed the hands-on experiences, such as the anatomy and physiology practicals, splinting workshop, role-play scenarios and placements. These opportunities have helped to reinforce my skills and knowledge.”
BACHELOR OF OCCUPATIONAL THERAPY (HONOURS)

PROGRAM OVERVIEW
If you’re looking for an important and in-demand career where you make a difference to the lives of others, UQ’s Bachelor of Occupational Therapy is the program for you. Occupational therapists help people of all ages overcome barriers that affect their ability to engage in the everyday activities that are meaningful and important to them. They use a range of treatment strategies designed to enhance the person’s ability, and modify work environments, deliver education and develop your skills during your studies.

PROGRAM FEATURES
★ Students may be able to complete rural and overseas placements.
★ There is a high demand for trained nurses, and an increasing demand in South America.

CAREER OPPORTUNITIES
Registered nurse in various public, private or community healthcare settings, critical care and emergency, mental health, aged care, research, and academic and clinical teaching.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

MORE INFORMATION
Visit future-students.uq.edu.au/study and type “2368” into the search box or scan the QR code at right.

ADDITIONAL COSTS

BACHELOR OF OCCUPATIONAL HEALTH AND SAFETY SCIENCE (HONOURS)

PROGRAM OVERVIEW
Maintaining the safety, health and wellbeing of people while they work is both challenging and rewarding. With this science-focused multidisciplinary program, you can work in almost any industry or company around the world. Combining studies of health, psychology, law, ethics and management with practical skills through placements, creates a high value skill set that is highly sought after.

PROGRAM FEATURES
★ There is currently a high demand for Occupational Health and Safety graduates in Australia and Asia, and an increasing demand in South America.

CAREER OPPORTUNITIES
Graduates may work in any workplace, including remote, rural or urban regions in Australia or overseas, across all industries (including mining, agricultural, retail, hospitality, construction, transport, manufacturing and healthcare). In government, the private sector or consultancies, and enjoy flexible working conditions.

MORE INFORMATION
Visit future-students.uq.edu.au/study and type “2331” into the search box or scan the QR code at right.

BACHELOR OF OCCUPATIONAL THERAPY (HONOURS)

PROGRAM OVERVIEW
If you’re looking for an important and in-demand career where you make a difference to the lives of others, UQ’s Bachelor of Occupational Therapy is the program for you. Occupational therapists help people of all ages overcome barriers that affect their ability to engage in the everyday activities that are meaningful and important to them. They use a range of treatment strategies designed to enhance the person’s ability, and modify work environments, deliver education and develop your skills during your studies.

PROGRAM FEATURES
★ The School of Health and Rehabilitation Sciences is ranked number one in overall student satisfaction within UQ.
★ You may have the opportunity to undertake rural, regional and overseas placements.
★ UQ has two dedicated occupational therapy clinics where you will get to apply your knowledge and develop your skills during your studies.

CAREER OPPORTUNITIES
Graduates work as occupational therapists in public and private hospitals, country or community health centres, rehabilitation units (medical, vocational, psychiatric), regular and special schools, special centres providing development and training for persons with a social, intellectual or physical disability, independent living centres, workplace health and safety units, nursing homes, psychiatric clinics and hostels, residential and rehabilitation centres for people with an intellectual disability, centres of tertiary education, research institutions, or private practice.

BACHELOR OF OCCUPATIONAL THERAPY (HONOURS)

PROGRAM OVERVIEW
If you’re looking for an important and in-demand career where you make a difference to the lives of others, UQ’s Bachelor of Occupational Therapy is the program for you. Occupational therapists help people of all ages overcome barriers that affect their ability to engage in the everyday activities that are meaningful and important to them. They use a range of treatment strategies designed to enhance the person’s ability, and modify work environments, deliver education and develop your skills during your studies.

PROGRAM FEATURES
★ The School of Health and Rehabilitation Sciences is ranked number one in overall student satisfaction within UQ.
★ You may have the opportunity to undertake rural, regional and overseas placements.
★ UQ has two dedicated occupational therapy clinics where you will get to apply your knowledge and develop your skills during your studies.

CAREER OPPORTUNITIES
Graduates work as occupational therapists in public and private hospitals, country or community health centres, rehabilitation units (medical, vocational, psychiatric), regular and special schools, special centres providing development and training for persons with a social, intellectual or physical disability, independent living centres, workplace health and safety units, nursing homes, psychiatric clinics and hostels, residential and rehabilitation centres for people with an intellectual disability, centres of tertiary education, research institutions, or private practice.

PLACEMENT REQUIREMENTS

**PROGRAM OVERVIEW**

With a UQ Bachelor of Pharmacy (Honours), you’ll be at the forefront of the pharmacy profession and enjoy one of the highest graduate employment rates of any bachelor degree in Australia. The program prepares you for a distinguished career in industry, community, hospital pharmacy or government with extensive practical experience in UQ’s six simulated pharmacies and an eight-week final-year placement in Australia or overseas. From your first class, you’ll develop a strong understanding of chemistry, biology, pharmacy and the pharmacy profession at the state-of-the-art Pharmacy Australia Centre of Excellence (PACE).

**PROGRAM OVERVIEW**

Physiotherapists help to get people moving, from office workers with stiff necks and sore backs, to elite athletes with chronic health management issues. As a UQ Bachelor of Physiotherapy (Honours) student, you’ll learn internationally recognised qualifications and become a skilled healthcare professional who helps people improve their mobility. From your first year, you will build a strong foundation of applied study in medical science, physiotherapy science, anatomy, professional ethics, psychology and therapeutic exercise, to prepare you to care for people with musculoskeletal, neurological, respiratory and other conditions.

**PROGRAM FEATURES**

- UQ offers a physiotherapy program that is ranked 31st in the world (2017 QS World University Rankings by Subject).
- Students from culturally and linguistically diverse backgrounds can take part in the award-winning Skills for Communicating and Relating in Pharmacy Training (SCRIPT).

**CAREER OPPORTUNITIES**

Graduates of UQ’s Physiotherapy program enjoy one of the highest graduate employment rates of any occupation in Australia. UQ’s Physiotherapy program leads to careers in community and hospital pharmacies as well as industrial pharmacy. UQ graduates have also gone on to senior positions within both the pharmacy and healthcare industries, as well as government. They have also used pharmacy as a platform for further study in medicine, or a career in academia or research and development.

**PLACEMENT REQUIREMENTS**

</table>

**PROGRAM OVERVIEW**

Examine the complexity, intricacy and wonder of the human mind in this program, which is designed for students looking to undertake comprehensive studies in psychology, including the study of developmental, social, cognitive, biological, physiological and abnormal psychology – as well as study in research methods and report writing. Courses examine areas including child development, neuroscience, learning and cognition, social and organisational psychology, psychological assessment, psychological research methods and evaluation of research. With a range of psychology electives to choose from, you will gain a thorough understanding of the fundamentals of psychology while gaining exposure to a variety of specialisations.

**PROGRAM FEATURES**

- UQ’s field of psychology is ranked 25th in the world (2017 QS World University Rankings by Subject).

**CAREER OPPORTUNITIES**

When you graduate you meet the academic requirements for registration as a professional psychologist with the Psychology Board of Australia, as well as an associate membership of the Australian Psychological Society. This means you can train further to become eligible for general registration as a psychologist. With full registration, you can pursue careers in clinical psychology, clinical neuropsychology, organisational psychology, educational and developmental psychology, sports and exercise psychology, and counselling. Broader career options include human resources, mental health services, youth and child support work, relationship counselling, residential care, family and social services, public and private sector management, marketing and advertising, and market research, disability support services, aged care, juvenile justice and corrective services.

**MORE INFORMATION**

Visit future-students.uq.edu.au/study and type 2379 into the search box or scan the QR code at right.
BACHELOR OF SOCIAL WORK (HONOURS)

PROGRAM OVERVIEW
Do you believe in the fundamental human values of dignity and worth, and want to make a positive difference in people’s lives? As a UQ Social Work (Honours) graduate, you will create a fairer, more inclusive society and champion the rights of the disadvantaged, while building relationships with individuals, groups and communities. UQ’s Bachelor of Social Work (Honours) is the only four-year Honours program that offers the opportunity to graduate in an area of specialist practice. We offer specialisations in the areas of Health and Ageing, Child, Youth and Families, Mental Health and Inclusion.

MINORS
Child, Youth and Family • Health and Ageing • Mental Health

PROGRAM FEATURES
★ You will spend more than 1000 hours on supervised clinical placement across your program.
★ You may be able to complete a rural, interstate or international placement in your final year.

CAREER OPPORTUNITIES
Graduates work as social workers in a variety of government, community and private organisations. They work with individuals, groups and communities, such as abused children, people with disabilities, people with mental health issues, victims and perpetrators of domestic violence, people with eating issues, homeless and marginalised people, survivors of sexual abuse, asylum seekers, elderly people, and people with drug and alcohol issues.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

MORE INFORMATION
Visit: future-students.uq.edu.au/study and type ‘2382’ into the search box or scan the QR code at right.

BACHELOR OF SPEECH PATHOLOGY (HONOURS)

PROGRAM OVERVIEW
For a rich and rewarding career as a specialist in communication and swallowing difficulties, study UQ’s Bachelor of Speech Pathology (Honours). This program prepares you to help people of all ages with speech, language, fluency and voice disorders, people who have hearing or swallowing difficulties, and people who want to modify their accents or voices. You will learn about anatomy, linguistics, psychology, psycholinguistic, swallowing and communication disorders in the areas of voice, fluency, hearing, speech and language function.

PROGRAM FEATURES
★ UQ has its very own Speech Pathology Clinic where you will undertake supervised clinical placements.
★ You will develop your clinical skills through supervised clinical placements in a variety of community and healthcare settings in metropolitan, regional and rural areas of Queensland.

CAREER OPPORTUNITIES
Graduates work as speech pathologists in general, paediatric and geriatric hospitals, community health centres, rehabilitation units, preschools, schools, kindergartens and childcare settings, centres for people with specific disabilities such as cerebral palsy, intellectual impairment, autism or hearing impairment, and private practice.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

ADDITIONAL COSTS

DOCTOR OF MEDICINE

PROGRAM OVERVIEW
This program produces highly skilled doctors capable of meeting future challenges in a wide variety of careers. Years 1 and 2 constitute Phase 1 of the program, designed to provide you with a strong foundation of knowledge, skills and understanding for your progression into the clinical years. Years 3 and 4 make up Phase 2 of the program - the clinical practice phase, consisting of 10 core clinical rotations. You will work cooperatively in a carefully planned series of patient-centred problem-based learning units, designed to highlight principles and issues in health and disease. This program’s key features include: the use of collaborative learning models, clinical reasoning, and the incorporation of information technology and computing skills to ensure you can use technological advances to improve your learning skills and knowledge acquisition.

PROGRAM FEATURES
★ UQ’s field of life sciences and medicine is ranked 32nd in the world (2017 QS World University Rankings by Subject).★ This program is accredited by the Australian Medical Council, which means it meets the highest standards of medical education in Australia.
★ You will complete a compulsory elective placement in year 1 and clinical rotations in years 3 and 4. More than 80 per cent of our medical students complete an elective outside Australia.
★ You can enhance your qualifications by completing one of UQ’s Medical Leadership Program (MLP) developed with the UQ Business School.

CAREER OPPORTUNITIES
Medical practitioner in private practice, public health, academia and teaching, research, aid organisations, defence and/or a combination of these areas.

PLACEMENT REQUIREMENTS
See: habs.uq.edu.au/placement-ready

MORE INFORMATION
Visit future-students.uq.edu.au/study and type ‘5578’ into the search box or scan the QR code right.

ADDITIONAL COSTS

CLOSING DATE
Applications to UQ International open from April each year and are waitlisted once full.
Digital disruption means Australia and the world need more scientists and mathematicians to help solve problems in finance, the environment, science, food, and quantum physics.
THE UQ ADVANTAGE

We are one of the largest science faculties in Australia with some of the world’s leading scientists, teachers, science programs and commercial outcomes. As a student, you will interact with research teams, use our world-class laboratories and contribute to our international research. You will meet people from industry and complete on-the-job placements or internships. This hands-on approach is why our graduates enjoy high employability rates and attractive starting salaries.

### PROGRAM OVERVIEW

Do you see yourself researching and pondering big, unanswered questions? If so, then you’re starting in the right place with the Bachelor of Advanced Science (Honours) program. Typically tailored for science students with big ambitions and a thirst to challenge and develop their deep interest in sciences, this four-year program provides the foundations for a high-achieving career in scientific research.

### MAJORS

- Biology
- Biomedical Science
- Chemistry
- Geographical Science
- Geological Sciences

### PROGRAM FEATURES

- **UQ's field of natural sciences is ranked 75th in the world (2017 QS World University Rankings by Subject).**
- **You may have the opportunity to undertake a field trip to the Great Barrier Reef, Moreton Bay, Mt Isa or western Queensland.**

### CAREER OPPORTUNITIES

Graduates are employed in a wide range of areas, including research organisations and institutes, private and public sector organisations, not-for-profit and charity organisations, universities, hospitals and healthcare, environmental sustainability and planning, advisory positions for product development, defence, marine and wildlife conservation, operations research, and finance.

### MORE INFORMATION

<td>Queensland Year 12 (or equivalent), including Year 12 English, Mathematics B and one of Chemistry or Physics.</td>
<td></td>
</tr>
</tbody>
</table>

### PROGRAM OVERVIEW

Biotechnology is a creative and entrepreneurial field, where scientists create new products and technologies, pioneering new frontiers for sectors including health, agriculture, science and engineering. In this program you’ll study molecular genetics, microbiology, immunology, physics, chemistry, engineering and mathematics. You’ll learn about essential subjects to understand the biotech sector, such as biochemistry, cells and genes, research design and data analysis, and the commercialisation of biotechnology products. You’ll then develop expertise in a specialist area.

### MAJORS

- Bioinformatics
- Bioprocess Technology
- Chemical Biotechnology
- Drug Design and Development
- Microbial Biotechnology
- Molecular Biotechnology
- Nanotechnology
- Plant Biotechnology

### PROGRAM FEATURES

- **Biotechnology graduates can earn up to one semester's credit towards a Master of Business.**

### CAREER OPPORTUNITIES

Graduates work globally in agriculture, chemical and nanotechnology, health, genetics, environment, government agencies, consulting and venture capital, and pharmaceutical companies.

### MORE INFORMATION

<td>St Lucia</td>
<td>Standard, see fold-out</td>
<td>Queensland Year 12 (or equivalent), including Year 12 English, Chemistry and Mathematics B.</td>
<td></td>
</tr>
</tbody>
</table>

### PROGRAM OVERVIEW

Food science is one of the world's biggest industries and one of the most important areas of discovery and research throughout human history. This program prepares you for a career as either a food scientist (someone who researches the physical, biological and chemical properties of food), or food technologist (someone who applies food science to manufacture commercial quantities of safe food). You’ll develop a strong understanding of relevant scientific principles and get hands-on experience to build up your contacts with a food company or food research organisation during a 14-week practical placement in your third year.

### PROGRAM FEATURES

- **UQ’s field of agriculture is ranked 19th in the world and first in Australia (2017 QS World University Rankings by Subject).**
- **In your third year, you will undertake a 14-week (one semester) placement of more than 400 hours in a modern food processing company and observe food technology in action.**
- **In your final year you will complete a research project in one or more of the disciplines of food chemistry, food microbiology, food technology, food engineering and sensory science.**

### CAREER OPPORTUNITIES

Graduates experience excellent employment rates, usually working with national and international food, wine, beer, confectionery and beverage companies, food research laboratories, flavouring manufacturers, educational institutions, and government bodies as quality control, new product development, research and innovation scientists.

### MORE INFORMATION

Visit future-students.uq.edu.au/study and type: 2377 into the search box or scan the QR code at right.

## BACHELOR OF MATHEMATICS

<table>
<thead>
<tr>

<td></td>
</tr>
</tbody>
</table>

### PROGRAM OVERVIEW

Mathematics helps us to understand everything around us. This program can provide quantitative and analytical skills to pursue a high-achieving career in mathematics, or one of the many fields where it plays an essential role, such as physics, engineering, economics, computer science or biology. After securing a foundation of calculus, linear algebra, discrete mathematics, mathematical analysis and modelling, you’ll specialise in an area of your choice.

### MAJORS

- Applied Mathematics
- Data Analytics and Operations Research
- Mathematical Physics
- Pure Mathematics
- Statistics

### PROGRAM FEATURES

- **You may undertake a summer research project or internship through the School of Mathematics and Physics.**

### CAREER OPPORTUNITIES

Graduates work in fields including finance, economics, research, statistics, actuarial studies, meteorology, information technology, molecular biology and teaching.

### MORE INFORMATION

*This program is four trimesters in duration and fee quoted is for four trimesters (1.3 years).*
A **dual program** is a combination of two UQ programs undertaken at the same time and completed in a shorter time period than studying two programs in succession. You must satisfy prerequisites and entry requirements for both programs, and apply via the normal application procedure (see page 70).

</table>
ADMISSION REQUIREMENTS

To fulfil the admission requirements for entry into a UQ program you must:

1. have attained the required level of ENGLISH

Every UQ undergraduate program has either ‘Standard’ or ‘Non-standard’ English language entry requirements. Check your program’s English language entry requirements on pages 30-65, and see how to demonstrate you meet them on the fold-out (see right).

2. have studied the prerequisite SUBJECTS

To be admitted into most UQ undergraduate programs, you must have studied specific prerequisite subjects. The tables on the Admission Requirements Subjects page of the fold-out opposite show secondary school subjects equivalent to those studied in Queensland Year 12 (Qld Year 12).

3. have attained the minimum ENTRY SCORE

To be admitted into any UQ undergraduate program, you must have completed secondary studies equivalent to Queensland Year 12 (Qld Year 12) with a score comparable to the Queensland Rank specified for your program on the ‘Queensland Year 12 equivalent qualifications and minimum entry scores, by program’ table on the fold-out opposite or the ‘Minimum Queensland Year 12 equivalent studies’ table on page 69.

If you cannot find your school’s subject equivalents, please contact UQ International Admissions (email applicationstatus@uq.edu.au).

If you cannot find a relevant minimum entry score, please contact UQ International Admissions (email applicationstatus@uq.edu.au).

Each UQ program’s admission requirements are outlined in its description (pages 30-65).

Note: Admission requirements may change over time and are subject to confirmation on application. This information is for guidance only. The scores listed in the table on the fold-out are a minimum only for an application to be considered by UQ and do not guarantee admission. Some programs have strictly limited places.
STANDARD

To gain entry into UQ programs requiring ‘Standard’ English, you will need either:

• one of the English language test scores in the table

‘Standard’ English language test scores

<table>
<thead>
<tr>
<th>IELTS</th>
<th>TOEFL (INTERNET-BASED)</th>
<th>TOEFL (PAPER-BASED)</th>
<th>PEARSON</th>
<th>CAMBRIDGE ENGLISH SCALE</th>
</tr>
</thead>
</table>

*For an equivalent test score, see: future-students.uq.edu.au/applying/english-language-proficiency-requirements

NON-STANDARD

To gain entry into UQ programs requiring ‘Non-standard’ English, you will need either the IELTS score listed below, or an equivalent test score.

IELTS scores (for UQ programs requiring ‘Non-standard’ English)

<table>
<thead>
<tr>
<th>UQ PROGRAM</th>
<th>IELTS SCORES REQUIRED</th>
</tr>
</thead>
<tbody>
<tr>
<td>Education (Primary)</td>
<td>Overall: 7, Reading: 7, Writing: 7, Speaking: 8, Listening: 8</td>
</tr>
<tr>
<td>Education (Secondary)</td>
<td>Overall: 7, Reading: 7, Writing: 7, Speaking: 8, Listening: 8</td>
</tr>
<tr>
<td>Clinical Exercise Physiology (Honours)</td>
<td>Overall: 7, Reading: 7, Writing: 7, Speaking: 7, Listening: 7</td>
</tr>
<tr>
<td>Dental Science (Honours)</td>
<td>Overall: 7, Reading: 7, Writing: 7, Speaking: 7, Listening: 7</td>
</tr>
<tr>
<td>Health, Sport and Physical Education (Honours)</td>
<td>Overall: 7, Reading: 7, Writing: 7, Speaking: 8, Listening: 8</td>
</tr>
</tbody>
</table>

Other tests, qualifications and experience may also be considered to prove you meet ‘Standard’ and ‘Non-standard’ English language requirements. For details, go to: future-students.uq.edu.au/applying/english-language-proficiency-requirements

</table>
Notes to Queensland Year 12 equivalent qualifications and minimum entry scores table

* These programs have quota restrictions and entry is very competitive: the figures quoted are a guide only and applications will be assessed on a case-by-case basis.

** Medicine – Students must have taken either the Undergraduate Medicine and Health Sciences Admissions Test (UMAT) or the International Student Admissions Test (ISAT) in the year of application, achieving a minimum score of 50 in each section of the UMAT or a minimum of 60 percentile in each section of the ISAT.

*** Music (Honours) – entry on the basis of specified requirements, an audition, interview and musicianship test.

1 UK GCE ‘A’ Levels for countries including: Bahamas, Bangladesh, Brunei, Cameroon, Falkland Island, Gambia, Ghana, Gibraltar, Hong Kong, Ireland, Kenya, Liberia, Macau, Malawi, Malta, Mauritius, Namibia, Nigeria, Seychelles, Sierra Leone, Tanzania, Uganda, United Kingdom, Ireland, Zambia and Zimbabwe. Aggregate of best 3 (or 2) A Level subjects or a combination of A and AS Level subjects equivalent to 3 (or 2) A Level subjects. A*=5, A=5, B=4, C=3, D=2, E=1 and AS Levels count for half of these scores.

2 International Baccalaureate Diploma.

3 Denmark Studentereksamen: grade average of final year results, converted to a 5 pt scale if otherwise reported. From 2007 a new grading system ranging from 00 (lowest) to 12 (highest) with a pass at 2 has been introduced.

4 French Baccalauréat: average, with 10 as the pass mark.

5 German Abitur: In the reformed upper secondary level (oberstufe), the Durchschnittsnote = 5 + 3 - P/180 where P = Punktzahl der Gesamtquallifikation. If P is greater than 840, Durchschnittsnote = 1.1 (sehr gut), 2 (gut), 3 (befriedigend), 4 (ausreichend).

6 Gaokao: 2017 Tier 1 University Cut-Off Scores: The following scores will be accepted for commencement in 2017 to certain UQ programs. Anhui 521, Beijing 583, Chongqing 527, Fujian 501, Gansu 504, Guangdong 514, Guangxi 545, Guizhou 531, Hainan 633, Hebei 535, Heilongjiang 486, Henan 523, Hubei 520, Hunan 530, Jiangsu 555, Jiangxi 529, Jilin 531, Liaoning 525, Neimenggu (Inner Mongolia) 484, Ningxia 516, Qinghai 457, Shaanxi 511, Shandong 537, Shanxi 568, Shanghai 519, Sichuan 540, Tianjin 532, Xinjiang 487, Xizang (Tibet) 440, Yunnan 560, Zhejiang 603.

7 HKDSE: combined total of the best five subjects (Category A, B or C), where 5*, 5*, 5, 5, 4-4, 3+3, 2+2, 1+1, 1*+6, A=5, B=4, C=3, D=2, E=1. Attained with Distinction=3, Attained=1. For all subjects with the exception of Mathematics, the Subject Result must be used. For Mathematics, if two modules are undertaken calculate the average of the two reported Subject Results. The compulsory module, taken on its own, will count as a full subject.

8 Malaysian STPM: aggregate of best three subjects, where A=4.00, A-=3.67, B+=3.33, B=3.00, B-=2.67, C+=2.33, C=2.00.

10 Pakistan Inter/Higher School Certificate (pre-Eng and pre-med streams): grade average of final year results. Pass=-33%(E), Satisfactory= 40%(D), Distinction=3, Attained=1. Attained with Distinction=1, Attained=1. For all subjects with the exception of Mathematics, the Subject Result must be used. For Mathematics, if two modules are undertaken calculate the average of the two reported Subject Results. The compulsory module, taken on its own, will count as a full subject.

11 Singapore-Cambridge ‘A’ Levels: aggregate of best 3 H2 subjects and the best H1 subject. For H2 subjects, A=5, B=4, C=3, D=2, E=1. For H1 subjects, the notional value is half of that assigned to H2 subjects.

12 South Africa (after 2008): Grade average of best 6 subjects in the final year (excluding the subject Life Orientation), where 7=80-100%, 6=70-79%, 5=60-69%, 4=50-59%, 3=40-49%, 2=30-39%, 1=0-29%

13 Sri Lankan A Levels: grade average of best 3 A Level subjects where A=4, B=3, C=2, S=1. Results in the Common General Test, General English Paper, Group Project or Individual Project are not used in the calculation of the grade average.

14 Swedish secondary School Leaving Certificate: grade average of final year results, where MVG=4, VG=3, G=2, IG=1.

15 Total of SAT-I: Critical Reading, SAT-I: Mathematics and SAT-I: Writing. Students must also provide evidence of completion of the USA High School Diploma.

16 Total of SAT-I: Evidence-Based Reading and Writing and SAT-I: Mathematics. Students must also provide evidence of completion of the USA High School Diploma.

17 Students must also provide evidence of completion of the USA High School Diploma.

18 AP must be issued by The College Board Advanced Placement Program. AP grades reported as part of the high school academic record are insufficient. A minimum of two and a maximum of four APs may be used. Aggregate to be determined where: A=5, B=4, C=3 (Pass), D=2, E=1. Where more than four AP exams, the best four are used. Students must also provide evidence of completion of the USA High School Diploma.

19 Canada – OSSD: Average of best 6 University (U, 4U) and/or University/College (U/C, 4M) courses.

20 Canada – Alberta High School Diploma: Grade average of best 5 Level 30 Provincial Diploma Exams.

21 Canada – BC: Grade average of best 5 Provincially Examined subjects.

HOW TO APPLY

**STEP 1**
Choose your program

- Find the program you wish to study in the Programs section on pages 30-65.
- Check you meet all entry and English language proficiency requirements.
- Check the application deadline has not passed.

**STEP 2**
Create an account

- Go to UQ’s online application portal and create an account: apply.uq.edu.au

**STEP 3**
Complete your application

- Complete all details requested in the online application, attaching all required documentation as per the program entry requirements and any additional information requests.

  **TIP:** You can save an incomplete form and return later.

- You must provide complete academic transcripts (detailing all courses you have taken and degrees you have been awarded from institutions other than UQ) and/or testamurs of your previous tertiary studies.

- If you want to apply for an English language pathway package, you can indicate this during the application process.

**STEP 4**
Submit your application

- **Online:** a non-refundable A$100 application fee will be charged when submitting your application online. After submission, you can check the status of your application through your account.

- If you are unable to access the online application portal, you can download a form (future-students.uq.edu.au/publications-and-forms) and submit it by email to applicationstatus@uq.edu.au. A non-refundable A$150 application fee is payable.

- If you are unable to email your application, you can submit it in person or by mail to: UQ International, Level 2, JD Story Building, St Lucia, The University of Queensland Brisbane, Queensland 4072 Australia. A non-refundable A$150 application fee is payable.

- Your application will be assessed by UQ International Admissions. They will inform you of the outcome.
International student definition
You are an international student if you are:
• a Temporary Resident (visa status) of Australia
• a Permanent Resident (visa status) of New Zealand, or
• a resident or citizen of any other country.
You are not an international student if you are:
• an Australian citizen (living in Australia or as a resident overseas)
• an Australian Permanent Resident (visa status), or
• a New Zealand citizen.

Permanent residency
If you have been offered an undergraduate place as an international student and become a permanent resident before starting your first semester of study, you will not be able to retain that place. Instead, you must apply for a Commonwealth Supported Place (CSP) through the Queensland Tertiary Admissions Centre (QTAC).

W: qtac.edu.au

International students studying Year 12 in Australia
If you are an international student studying Year 12 in Australia, check our website for details on how to apply for an undergraduate program through QTAC.

W: future-students.uq.edu.au/apply/undergraduate/international/how-apply/current-year-12-international-applicants
E: yr12international@uq.edu.au

Credit and exemption for previous studies
Credit for previous studies
If you have completed study elsewhere at a similar level and standard to your UQ program, you may be eligible for credit. UQ recognises formal studies and recognised informal learning. You can see if your prior studies qualify through our database.

W: creditprecedents.app.uq.edu.au

Exemption for previous studies
If you have undertaken some prior formal or informal learning you may not have to complete some courses in your program. You will still have to complete a total number of units to graduate.

W: future-students.uq.edu.au/apply/credit-and-exemptions

IB students
If you achieve specified grades in your IB, you may be offered up to 8 units of specified or unspecified credit for selected bachelor level courses. Exemptions are also available for some IB subjects. You can apply for credit and/or exemption only once you have accepted an offer and enrolled at UQ. For information on the minimum grades needed to obtain credit, and to download an application form, see: future-students.uq.edu.au/credit-international-baccalaureate-ib-study

Visas
All international students applying to study in Australia must have a student visa unless they have an alternative visa that enables them to study full-time. To be eligible to apply for an Australian student visa, you must complete your studies within the visa duration. To ensure that you complete your program within your visa duration, we strongly recommend that you undertake a load of 8 units each semester. For all visa enquiries and applications, please contact your local Australian Embassy, High Commission, or Diplomatic Mission.

W: future-students.uq.edu.au/international/visa
W: border.gov.au

Applications
Closing dates
It is recommended that you submit your application no later than the dates below to ensure you have enough time to apply for a student visa. Please note that some UQ programs have earlier deadline dates. See future-students.uq.edu.au for details.

Semester 1 30 November of previous year
Semester 2 31 May of same year

Assessment
Applicants are assessed on a case-by-case basis. Depending on the program, meeting minimum entry requirements does not guarantee acceptance. Applicants who do not meet academic entry requirements may wish to consider taking the Foundation Year program offered by International Education Services (IES) (see page 28).

Your application status
You can view the status of your application on your online application portal.

Documentation required
Academic
When you apply to UQ, please ensure that you submit copies of up-to-date transcripts and award certificates with your application. Grading scales will also be needed for any tertiary studies you have undertaken. Certified official translations are required for all documents in languages other than English.

English
To demonstrate your English language proficiency, you must attach copies of all relevant academic transcripts and award certificates to your application. Specific arrangements apply to IELTS, TOEFL and Pearson Test of English (PTE) Academic. See future-students.uq.edu.au/applying/english-language-proficiencyrequirements

Waiting on documents?
If you are waiting for transcripts or current results, you may still submit an application and, where possible, we will consider making a conditional offer to you. Submit the evidence of English Language Proficiency (unless you intend to sit a test), and any post-secondary results you have so far with the application form. If you are in high school submit the subjects studied in your final year. Please upload any outstanding documents to your online application portal as soon as you receive them.

Suspensions, deferrals and cancellations
If you wish to defer (i.e. delay commencing), please contact the International Admissions office as soon as possible. You may be able to apply for a deferral for up to one year, depending on the program and its availability. Once you commence study, you may also suspend or cancel your enrolment on compassionate or other compelling grounds. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour, poor academic standing and unsatisfactory academic progress. Please note that any suspensions, deferrals or cancellations may affect a student visa or visa application.

W: uq.edu.au/study/?id=12450

Students under 18 years of age
UQ offers a supervision program that approves the accommodation, support and general welfare of international students under 18 years of age. This program is compulsory for international students who:
• are at least 17 years of age when they enter Australia and commence their program at UQ
• are not living with a parent, legal custodian or suitable relative approved by the Department of Immigration and Border Protection (DIBP) while under 18 in Australia
• need their accommodation and welfare arrangements approved in order to meet the DIBP’s student visa requirements.

More information about the under 18 supervision program, including how to apply, is available here: uq.edu.au/student-services/u18-supervision
LIFE AT UQ

UQ will be your home away from home. We offer sporting, cultural and recreational activities, we help you find accommodation, and we anticipate your unique needs from arrival to departure. Whether you require help with learning, someone to talk to, or a lift from the airport the first time you touch down in Australia, we have you covered.
ACCOMMODATION

We have accommodation options to suit your lifestyle and make you feel at home. Live in a college on one of the best campuses in the world, head inner city for off-campus student accommodation, or find your own home in the private housing market.

On-campus colleges
Are you up for the traditional, immersive university experience? Live on campus in one of our ten colleges at St Lucia or in the Halls of Residence at Gatton. You can walk to class, enjoy services like academic support and social and sporting activities, and your meals are catered for. Plus, you will make friendships for a lifetime. Apply before you arrive to secure a room.
W: liveuq.edu.au

Off-campus student accommodation
Do you want to cook your own meals but still live in a student community in the inner city of Brisbane? Choose from one of our recommended student accommodation providers. A variety of studio and single bedroom apartments are available as well as rooms in two to six bedroom units. You can pre-book a room before you arrive.
W: uq.edu.au/student-services/accommodation/preferred-providers

Private housing
Are you the more independent type? You might like to share a house or apartment with other people. Brisbane's rental market features everything from low-cost share houses to high-rise apartments. To find a room, apartment or house, first check our database, UQ Rentals. There are also private rental accommodation websites and you can rent directly from real estate agents. At the start of a lease you typically pay two weeks rent in advance and a bond (which is four weeks rent). You should get the bond back at the end of your lease if you look after the property. Make sure you inspect a property in person before paying money or signing anything.
W: uqrentals.com.au

Airport pick up
Get picked up from the airport for your first semester at UQ. We will collect you for free from Brisbane's domestic or international airport. Just make sure you book three days in advance.
W: uq.edu.au/student-services/accommodation/airport-reception

Guaranteed accommodation
UQ offers guaranteed accommodation for individual students commencing their first year of study. Find out more at:
W: uq.edu.au/student-services/guaranteed-accommodation

Associate members program
Does college life appeal to you but you are not living in a college? As a first year student, you can access a college's resources and participate in their activities through our college associate members program. Membership benefits vary between colleges.
W: employability.uq.edu.au/social/college

INTERNATIONAL STUDENT SUPPORT

UQ has services and activities to help you settle in, make new friends, expand your skills and network, and enjoy student life right up until graduation.
SETTLING IN

Getting started
Make your transition to Brisbane and university life a smooth one by attending one of our Getting Started sessions either when you arrive or during O-Week. Attendance is compulsory for all international students. In the session, you find out: how to enrol, register for classes, get your student ID card and set up a bank account. We also tell you about what services and facilities are on campus, how to register for public transport student discounts, and what your best options are for getting to and from UQ.

W: uq.edu.au/student-services/new2uq/getting-started

O-Week
Make sure you are here for O-Week (or Orientation Week), which is held one week before semester starts. It is a great introduction to life at UQ. You can browse clubs and societies, listen to music, meet new and interesting people, pick up free stuff, and most importantly, attend your program’s welcome session.

W: orientation.uq.edu.au

New2UQ
Want advice about settling into life at UQ and beyond? For first year students, New2UQ offers activities and workshops to help you manage university administration, socialise and relax. They also offer a cool online guide for your first few weeks, as well as a helpful checklist.

W: uq.edu.au/student-services/new2uq
F: facebook.com/UQLife

Clubs and societies
Are you up for expanding your social network and diving into a hobby or passion? Join one of our 200 clubs and societies. From anime to yoga, medievalism to touch rugby, and hockey to dancing, you are certain to find like-minded people. If you don’t, you can always start your own club.

Safety on campus
Our campuses are safe places for students and staff. Each campus has a 24-hour security team. St Lucia also offers a UniSafe escort service if you would like someone to accompany you to public transport or the car, and a Safety Bus that runs from 6pm onwards around the campus.

W: pf.uq.edu.au

Spiritual practice
Our Multi-Faith Chaplaincy caters to all religions. The venue also offers yoga and meditation classes, free English conversation classes, and it hosts community celebrations. It is a great place to meet people from different cultures and faiths.

W: uq.edu.au/student-services/faith

ACADEMIC AND LIFE SUPPORT

Student centres
If you need help navigating university administration, visit UQ Answers online or head to one of our Student Centres for help with forms, fees, health insurance, enrolments, scholarships, exams, visas and parking.

W: uq.edu.au/uqanswers
W: uq.edu.au/student-centre

Academic workshops
Gain new skills and prepare for exams by attending free workshops held by our Student Services team. There are workshops on writing assignments, improving your memory, thesis writing, presentation skills, time management, academic language and grammar, and more.

W: uq.edu.au/student-services/learning-workshops

International student advisors
We have advisors specifically for international students to help you overcome some of the challenges of studying in a foreign country. Our Student Help On Campus team can help you with everything from finding part-time work and extending your visa, to legal advice, dealing with financial pressures, and support and information around gender and sexuality. If you need to speak to someone in private, visit a UQ counsellor or discrimination officer for free.

W: uq.edu.u/student-services/counselling

Peer Assisted Study Sessions (PASS)
Learn more about studying at UQ from second and third year students who have achieved top grades in your course. They can provide advice on coursework and content, and suggest effective study habits that will help you make the most of your time. Ask your faculty for more information.

English language support during your study
Develop and refine the academic English language skills needed for Australian university study. Free English for Academic Communication (EAC) programs are offered by ICTE-UQ (Institute of Continuing & TESOL Education). A variety of relevant courses are run at the beginning of each semester and are offered on a part-time basis. Check the website for more information.

W: icte.uq.edu.au/study/english-academic-communication

Mates@UQ
People to meet, places to go and things to do! Mates@UQ offer a number of free events, groups and activities for all students to get the most out of life at UQ. Join interest groups, practice language skills, come to fun on-campus events and visit Brisbane sites, markets or restaurants with new mates. Find out more and register online.

W: uq.edu.au/student-services/matesuq
F: facebook.com/matesatuq

UQ provides free support, services and facilities for students with a disability, illness, injury or mental health condition at UQ. You can contact a disability advisor to ensure your transition to study is as smooth as possible.

W: uq.edu.au/student-services/disability

Ally Network is our award-winning program for the LGBTI community.
W: uq.edu.au/equity/content/uq-ally-network
Yearly costs
How much it will cost you to live in Brisbane will depend partly on your lifestyle preferences. For example, if you live in a share house (off-campus private accommodation), your yearly budget will be in the range of $17,000-$25,000.

In addition to this amount, you will also need to consider establishment costs such as buying furniture, paying a rental bond and setting up electricity, gas and mobile phone accounts, as well as other expenses such as visa and medical fees, tuition fees, return airfares, and Overseas Student Health Cover (OSHC). Remember that exchange rate variations may also affect your budget.

Weekly expenses
The table below estimates weekly expenses for studying at UQ. These are estimates and prices vary according to your lifestyle. UQ tuition fees, textbooks, clothing, entertainment, printing, and healthcare costs are in addition to the figures below.

Working while studying
If you have a student visa you can work up to 40 hours per fortnight (two-week period) during university semesters, and full-time hours during vacations. In general, students shouldn’t expect to cover tuition fees or living expenses by holding down a casual job.

If you are studying at UQ on a scholarship, you should contact your scholarship provider about how many hours you are permitted to work each week.

W: border.gov.au/Trav/Stud

Student concessions
As a student, you can use your student ID to receive concession prices for public transport, the cinema, museums, software, technology and much more.

W: uq.edu.au/startingatuq/what-you-can-do-with-your-id-card

Visa information
When applying for a student visa, you must meet the Genuine Temporary Entrant criteria (border.gov.au/Trav/Stud/More/Genuine-Temporary-Entrant) and have sufficient funds to pay your tuition fees, living costs (and the living costs of any dependants, if applicable) for the duration of your studies.

W: future-students.uq.edu.au/international/visa-information

Bringing your family
To apply for a Student Visa in Australia, you need to declare that you have access to sufficient funds to pay your tuition fees and to support yourself and any dependants who are coming with you. This declaration is part of the UQ acceptance process. For children, you will also have to factor in school fees and childcare costs.

If you are bringing a spouse and/or children, they will need dependant visas.

W: future-students.uq.edu.au/international/bringing-your-family

COST OF LIVING
Brisbane is an affordable city offering a lower cost of living than Sydney, Melbourne, Perth and Canberra*. To make the most of your time in Australia, we recommend you plan and budget for your study and vacation time.

This table does not include establishment costs for a student choosing to live off-campus, which are estimated to be $3000.
For a family of two adults and one child the estimate is $7900. College and off-campus commercial private provider rental fees sourced April, 2017 from providers’ websites.

INTERNATIONAL UNDERGRADUATE UQ GUIDE 2018
78
FEES AND EXPENSES

As an international student, you will pay tuition fees and a services and amenities fee. Some programs have additional costs; see individual program listing for details.

**Tuition fees**
Tuition fees vary according to program. We have provided an indicative annual tuition fee for each program in this guide. This indicative amount is based on a standard full-time study load for the whole year. If you enrol in a larger or smaller study load, your fees will be calculated on a proportionate basis. Tuition fees are reviewed annually.

W: future-students.uq.edu.au/apply/international/tuition-fees

**Student Services and Amenities Fee (SSAF)**
The SSAF is charged to every award student each semester for the provision of non-academic services. In 2017 the annual SSAF was capped at $294 for a full-time, internal student.

**Scholarships**
The University of Queensland offers competitive scholarships to help high achieving students fund their tertiary education. For more information, and to check your eligibility, please visit: scholarships.uq.edu.au

**Health insurance**
If you will be coming to Australia on a Student Visa, you will need to purchase Overseas Student Health Cover (OSHC) as one of the conditions of your visa. This is an insurance policy that covers you for basic medical and hospital care and is required from the day you arrive in Australia until you leave. UQ’s preferred OSHC provider is Allianz Global Assistance. UQ can organise your OSHC with Allianz when you accept your UQ offer and pay your tuition fee deposit. Alternatively, you can obtain your own OSHC from a government-approved OSHC provider.

W: future-students.uq.edu.au/international/health-insurance

**Financial aid**
We can help students from North America, as well as some countries in Europe and Latin America, apply for student loan programs that are offered in their home countries. These loans can help you cover a portion of your educational expenses while studying full time at UQ.

W: future-students.uq.edu.au/apply/international/financial-aid

**Refunds**
Refunds are only made to international students in certain circumstances and in accordance with our Fee Rules and International Student Refund Procedures.

W: ppl.app.uq.edu.au/content/3.40.03-student-refunds
UQ PARTNERS

UQ has links worldwide and is also a proud member of the prestigious Group of Eight and Universitas 21 networks.

UQ’s partnership network
The University of Queensland has a strategic partnership network across more than 50 countries, which includes leading organisations and institutions across higher education, research, industry, government, sponsorship and philanthropy.

As a key component of UQ’s broader Global Strategy, UQ seeks to ensure a cohesive and coordinated approach to collaboration with international partners. UQ partners for global impact by building meaningful relationships worldwide and leveraging their strategic global presence. UQ’s global connectedness has a multitude of beneficiaries, leading to research outcomes, products and services that have real impacts on people around the world.

Through our partnerships, UQ students can study in more than 40 countries to develop broaden their perspectives, build international networks and prepare for global careers. Almost a quarter of UQ’s undergraduate students engage in an international experience of some kind during their studies.

UQ is also a member of a number of global networks that enhance the opportunities for collaboration for our staff and students, including: Universitas 21, a select international network of comprehensive, research-intensive universities; edX, the world’s leading consortium of Massive Open Online Courses (MOOCs); and the McDonnell International Scholars Academy, a select group of research universities that aims to develop future leaders and promote global awareness and social responsibility.

UQ also has a number of arrangements with international institutions to facilitate the progression of students from those institutions to UQ through credit transfer.

UQ TERMINOLOGY

Assessment
Assessment is completed as part of your course. It can come in the form of assignments, examinations, oral reports, debates, projects, research summaries and laboratory practical reports.

Australian student (also known as Domestic)
A student who is an Australian citizen or permanent resident, or a New Zealand citizen.

Bachelor degree
A qualification awarded for the first level of study undertaken at university, typically requiring three to five years of study (see also Undergraduate programs).

Blue card
An identification card issued under the Commission for Children and Young People and Child Guardian Act 2000 that you need in order to work with children in Queensland, whether as paid employee or volunteer. You can apply for one through the UQ School administering your program. Blue card applicants undergo a complete national criminal history check.

Census date
The last date to cancel enrolment in a course without incurring financial liability. Census dates are 31 March for Semester 1, and 31 August for Semester 2. Summer Semester census dates change each year depending upon the start date of Summer Semester. Intensive teaching periods also have individual census dates that change each year according to the start date of the teaching period.

Compulsory courses
Courses that must be studied to complete the requirements of a program.

Confirmation of Enrolment (CoE)
A CoE is sent to you for when you wish to apply for a student visa, and is presented at your nearest Australian embassy, high commission or diplomatic mission.

Course
A component of study within a program.

Coursework program
A postgraduate program where the assessable content by research represents less than two-thirds of the total assessable content (as distinct from a research higher degree).

Commencement
Semester 1 in Australia generally begins in late February, and Semester 2 in late July, but some programs may start earlier. Check with the relevant UQ faculty.

Credit
1. Students receive credit towards a degree when they pass a course that is part of the program requirements.
2. Students changing programs (within UQ or from another university) may apply for credit, a value assessment for study completed in one program, towards the new program. See Credit transfer.

Credit transfer (or transfer credit)
Credit transfer may be granted when students change from one program to another, if the rules of the new program allow. Check with the administering faculty.

CRICOS code
The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) code indicates a registered program offered to international students studying in Australia on a student visa.

Dual program
Two UQ degree programs undertaken at the same time (sometimes known as dual/parallel/combined/double degrees).

Duration
The amount of time normally taken to complete a program, expressed in terms of full-time (F/T) or part-time (P/T).

Elective
A course that you may choose from a set of options. Some UQ programs allow elective courses to be taken from outside the main focus of the program or from other UQ programs.

Entry score
All undergraduate students are assigned a university entry score based on high-school or post-secondary study results. Once you complete the equivalent of one full-time year of tertiary study (bachelor level or higher), your ranking is converted to a score based on Grade Point Average.

External student
External students study by distance education and do not have to attend any on-campus classes, although attendance at residential schools may be required in some cases. Material is dispatched by mail or via the Web. International students can only study external programs from offshore.

Faculty
The major organisational unit within UQ, with responsibility for academic programs. Faculties may have a number of sub-faculty academic units called ‘schools’. There are six faculties: Business, Economics and Law; Engineering, Architecture and Information Technology; Health and Behavioural Sciences; Humanities and Social Sciences; Medicine; and Science.

F/T Full-time
75 per cent or more (six units) of the standard full-time study load (eight units) per semester for most programs. As an international student in Australia, you must complete your program within the specified duration. To do this, we recommend you enrol in eight units per semester.

Honours
At UQ, Honours may be awarded as a one-year bachelor honours degree following completion of a bachelor degree, or as a four-year bachelor honours degree. Some undergraduate programs allow eligible students to transfer to a bachelor honours degree at a defined point in the bachelor degree.

IELTS
International English Language Testing System.

Internal student
A student who attends classes (lectures, tutorials and practicals) on-campus during semester.

International student
A student who is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol at an institution in Australia. Temporary residents of Australia are classified as international students.

Major
An area of specialised study within a program of at least 12 units, e.g. history in an Arts program, which may be a formal requirement. Extended and dual majors are when the specialised area comprises a higher proportion of the degree.

Minor
A field within a program approximately half the value of a major.

Placement
Also called work placement, internship, industry study, clinical practice, practicum, fieldwork, clinical placement, practical work, teaching practice or industry experience – this is a period of practical, work-related experience designed to enable you to practise professional skills in a real-life setting.

Plan/Field
A plan or field is an area of study within a program, for example, biology, physics, mathematics, or history.

Postgraduate coursework programs
Postgraduate coursework programs involve at least two-thirds of coursework. Study options include a graduate certificate, graduate diploma, coursework master, and professional doctorate.

Prerequisites
Courses that you have to pass before you can enrol in a particular course, providing you with the appropriate foundation knowledge.

Professional Doctorate
A coursework program designed for experienced professionals who wish to improve their professional practice by applying research to current problems and issues in their field.

Program
A sequence of study leading to the award of a qualification such as a bachelor degree, graduate diploma, or PhD.

Program code
A unique identifying number the University assigns to a program.

P/T
Part-time.

Quota
Some programs have limited places available.

School
The core, sub-faculty academic unit, responsible for teaching, research and interaction with professional organisations. Course coordinators and lecturers generally work in schools.

Semester
The University teaching year is divided into three semesters: Semester 1, Semester 2, and Summer Semester. Most programs only require you to be enrolled in Semesters 1 and 2 each year.

Teaching methods
At UQ we use a range of teaching methods, including lectures, tutorials, laboratory practicals, fieldwork, group discussions, and online modules and workshops. You will be required to complete assignments and examinations, and undertake independent study. Debate in classrooms is strongly encouraged.

Teaching spaces
Ranging from large, tiered lecture theatres to small tutorial rooms and specialised laboratories, we offer flexible spaces for group work, teaching and printing. All UQ lecture theatres and most tutorial rooms have Echo 360 installed so that teaching sessions can be recorded and accessed online.

Undergraduate coursework programs
Undergraduate coursework programs involve at least two-thirds of coursework. Study options include a bachelor degree (including honours), associate degree, dual program, and concurrent diploma.

Upgrading
If you are not offered a place in your preferred program, you can accept an offer in a program with lower entry requirements, improve your entry score during your first year of study and then apply for your preferred program.

Units
Units (3D) represent the value of individual courses that contribute to the total unit requirement of an academic program. A standard study load is eight units per semester.

Workloads
International students must complete their studies within the minimum duration of the program (student visa duration).

UQ terminology W: dictionary.uq.edu.au
Meet us in your country
UQ academic and administrative staff often travel internationally, giving you the opportunity to meet one of our team members at an event in your home country. Check out our events calendar.
W: future-students.uq.edu.au/events

Hear from a current student
The team at Connect-U are student volunteers who assist those about to start their studies at UQ. They can help you with information about living in Australia, important university contacts and procedures, what it’s like to be a university student, and much more.
W: uq.edu.au/student-services/connect-u/app

UQ educational representatives
UQ’s representatives can help you find information about studying at UQ, what the entry requirements are, how to complete your application, and how to lodge your student visa.
W: future-students.uq.edu.au/find-international-representative

UQ campus tours
UQ is a great place to study, make new friends, and take part in sporting and cultural activities. Register for a campus tour and experience first-hand what UQ has to offer.
W: future-students.uq.edu.au/campus-tours
