“Coming from a regional town, I was apprehensive about how I would fit in and make new friends in Brisbane. The Women’s College provided me with a ‘family’ on campus, and more opportunities than I can count! All the girls here look out for one another. I have never experienced a more supportive environment. There is always something happening, from sporting carnivals, to cultural competitions and charity events, which together with the incredible community, makes college life one of the best experiences I have ever had.”
